SPRING OF 1902.
BOOK OF FLOWERS
FROM MISS MARTHA HISER, SEEDSWOMAN AND FLORIST. URBANA, OHIO.

My seeds are all new and fresh, and all this year's crop. Sure to grow and bloom where others fail. I do not sell cheap seeds, but I do sell seeds cheap. I WILL ACCEPT ANY AMOUNT OF MONEY FOR SEEDS, NO MATTER HOW SMALL.

NEW EVER-BLOOMING CLIMBING ROSE, MRS. ROBERT PEARY.

Can be Grown as a Bush Rose by Pinching Off the Tips of the Strong Shoots.

Sport from one of the most magnificent and celebrated Roses grown, i.e., Kaiserine Augusta Victoria. This is sufficient to guarantee its advent, no matter what the climate may be. It surely meets a demand that has never been supplied. Flowers extra large, full, deep, double, of excellent substance, produced on long, stiff stems, like a forcing rose; in fact, both in bud and flower, this grand new variety is superior in grace and finish to any white cut flower Rose. Buds long and pointed, a remarkable feature not found in any other Climbing Rose; fragrance delicious. The most remarkable feature of this variety, however, is that it blooms continuously the first year, a characteristic found in no other white climbing Rose. Absolutely hardy, flowers truly beautiful. If you want a quick growing, hardy climbing Rose—one that will give you flowers this year—this is the only white variety that will do it. No weak spot. Grows to perfection outdoors, throwing up numerous shoots, 12 to 15 feet high in a single season. I regard it as the most important introduction of modern times. Its beauty, healthy, thriving growth will astonish you. For a sensational new Rose, of pronounced superiority over all others, the price is wonderfully low. Be sure and try it.

PRICE—For strong plants, 15c. each, 2 for 25c.; large two year old plants 40c. each, three for $1.00.

### Abutilon—[Flowering Maple]

Although universally admired, comparatively few are aware how easily Abutilons can be raised from seed and how beautifully they flower all Summer the first season. To get them in bloom early the seed should be started in the house and the young plants set out in the garden when the weather is warm and settled. They grow rapidly, bearing a rich profusion of the elegant bell-shaped flowers. A splendid house plant, blooming freely in Winter.

**Abutilon, Royal Prize**—(Mixed.) Embracing the most elegant colors, both selfs, streaked and veined. pkt. 10 cts.

**Agapanthus Umbellatus**—(African Lily.) Large umbels of bright blue flowers. pkt. 5 cts.

**Antirrhinum Majus**—(Snapdragon)

Useful border plants, with large flowers of various bright colors in spikes. Height, 1½ feet. They do best in a light soil, well enriched. pkt. 5 cts.

**Antirrhinum, New Hybrids**—A grand mixture of choicest exhibition flowers. pkt. 10 cts.

**Antirrhinum Tom Thumb**—A dwarf-growing variety of six or seven inches. Fine for bedding. If sown early will bloom first season. pkt. 5 cts.

**Amaranthus Salicifolius**—(Fountain Plant.) Foliage red, orange and green, elegantly contrasted. Height, 3 feet. A good vase plant. pkt. 5 cts.

**Amaranthus, Tricolor**—(Joseph's Coat)—These are grand plants for Summer bedding, growing to a height of two feet, and have beautiful crimson, yellow and green foliage. pkt. 3 cts.

**Amaranthus, Caudatus**—(Love Lies Bleeding.) Blood-red, drooping panicles of flowers. Pretty for decorations. pkt. 3 cts.

**Alyssum, Maritimum**—(Sweet Alyssum.) Flowers white, produced in the greatest profusion. Height, nine inches. pkt. 5 cts.

**Alyssum, Little Gem**—The plants are very dwarf, and each spreads so as to completely cover a circular space 12 to 20 inches in diameter. They soon become one mass of white. Blooms from Spring till Fall. pkt. 5 cts.

**Balsam, Defiance**—This is a fine mixture, composed in nearly equal proportions of violet white spotted, shining scarlet, white tinted lilac, scarlet white spotted, rose white spotted, royal purple, pure pink, chamois rose, all the above eight colors, each having been grown separately. Finest mixed. pkt. 5 cts.

**Balsam, Superb**—The finest large flowered, perfectly double Balsams in cultivation. Frequently over two inches in diameter. Bright and effective, and brilliant self-colors; also superbly mottled and striped varieties. All colors mixed. pkt. 5 cts.

**Balsam, Finest Double Mixed**—This is a first-class mixture, very choice colors. pkt. 3 cts.

**Candytuft, New Empress**—Really a magnificent variety; enormous heads of pure white flowers. pkt. 5 cts.

**Candytuft, New Dwarf Hybrids**—Of dwarf habit and perfect shape, abundant flowers from pure white to purple. pkt. 5 cts.

**Candytuft, Snow Queen**—It bears but little foliage, and the mass of white produced makes it useful. pkt. 3 cts.

**Candytuft, New Carmine**—Richest in color. pkt. 3 cts.

**Candytuft, White—Oz.** 20 cts. pkt. 3 cts.

**Candytuft, Mixed Varieties**—Oz. 20 cts. pkt. 3 cts.
Unsurpassed for Cutting During Summer

**PRICE, 5 CENTS EACH, EXCEPT WHERE NOTED.**

**Aster, New Rose**—Flowers large, double incurved, recurved like a Rose. Mixed colors.

**Giant Comet**—A handsome, very new distinct Aster, resembling Japanese Chrysanthemum. Petals long, beautifully curved; a delicate pink, bordered white, bright pink, light blue borders, other mixed colors.

**Dwarf White Queen**—Grows only 10 to 12 ins. high, with spotless white flowers. Fine for pot culture as well as bedding out.

**Dwarf Bouquet**—Only six to eight inches high. Each plant is covered with handsome flowers and looks like a bouquet set in the ground. Mixed colors.

**New Aster, Red Hussar**—This is a new and brilliant, glowing scarlet Aster, free from the magenta tinge usual in red Asters; the flowers measure from three to four inches across, are of a regular globular form perfectly double to the center, and borne freely on sturdy candelabra branching plants about 15 inches high, an exceedingly effective bedder. Price per pkt. 10 cts., three for 25 cts.

**New Jewel or Ball**—Very novel and pretty; balls like flowers. Color, light rose, dark rose and white.

**New White Branching Aster**—A new variety of American origin. Of branching character, the magnificent, large, double white flowers, quite four inches in diameter, are borne upon long stems; excellent for cutting.

**New Yellow Aster**—This new color is of the Quilled type. Form of the double flower is a perfect ball, quilts close together, brightest sulphur yellow, not a mere indication of the color, as in former productions. Border petals are broad and seem to enclose; entire flowers. Excellent for cutting. Per pkt. 10 cts.

**New American Branching Aster, Semple’s Late Flowering**—This is an American novelty of unusual merit—sure to be popular even in Germany. Flowers during August and September. Grows 2 feet high and each plant should be allowed sufficient space for its full development. Superb, large, double flowers in great profusion, are borne on stems 15 inches long and are most desirable for cutting; beautiful soft shades and colors.

**Paeony-Flowered Perfection**—Very double, large and beautiful flowers. Mixed colors.

**Queen of the Market**—The earliest blooming of all the Asters, fully two weeks earlier than any other sort. Large flowers, free blooming; graceful spreading habit. I have in separate colors, White, Flesh, Crimson, Dark Blue, Mixed.

**Victoria**—Flowers large, quite double, beautifully reflexed and dwarf. Over twenty colors mixed.

**Washington**—Very fine, large flowers, frequently measuring 4 to 5 inches across.

**Excelsior Mixture of Tall Asters**—A mixture of the most beautiful, striking, and delicate colors of all tall growing Asters, selected from the cream of the Truffaut, Victoria, Comet, Crown, and other most desirable sorts. It was especially prepared for me.

**Excelsior Mixture of Dwarf Asters**—Like above strain is a mixture of the finest varieties, but consists of dwarf and half-dwarf sorts, especially adapted for edging, for ribbons and pot culture.

**Superfine Mixture**—Of all varieties. ½ oz., 50 cts.

---

**New Aster, Daybreak**—A grand new variety of American origin. Of symmetrical growth and habit, it attains a height of 18 to 24 inches, and produces lavishly its perfect globeshaped flowers of beautiful shell-pink colors, similar to that of the Daybreak Carnation. A magnificent variety either for bedding or for cut flowers. Per pkt. 10 cts., three for 25 cts.

**New Diamond Asters**—Flowers from 2 to 2½ ins. across, perfect double, each petal distinctly incurved. Very valuable for bouquets. 18 to 24 inches in height; a perfect mass of bloom; colors varied. Per pkt. 10 cts., three for 25 cts.

**New Japanese or Tassel Asters**—The beautiful flowers form a striking contrast with those of any other variety. Immense size, three to six inches across; long curiously waved and curled petals; resembles the most disheveled Japanese Chrysanthemum. Vigorous growing 14 to 15 inches high, producing a number of enormous flowers. Colors, beautifully rich and soft.

**New Giant White Aster, Ostrich Feather**—This magnificent new Aster bears some resemblance to the New Giant White Comet, differing in its candelabrum form of growth and much greater freedom of bloom, but its greatest merit is found in its flowers, which are of immense size, averaging six inches in diameter, of a beautiful snow white, made up of much longer, more closely formed petals, equaling the best Japanese Chrysanthemums. A gem among Asters. 10 cts per pkt., three for 25 cts.

**New Giant Rose Aster, Ostrich Feather**—Same as the White Ostrich Feather, but of a beautiful rose color. Pkt. 10 cts., three for 25 cts.

**Prince of Wales**—New, very fine. Plants about 15 inches in height, branching freely in all directions. Flowers are of a deep crimson red color, and very large.

---

**SEEDSWOMAN AND FLORIST.**

**NEW LARGE FLOWERING ASTERS.**
New Giant Emperor
PANSIES.

THE NEWEST AND LARGEST STRAIN TO DATE.

Cardinal Queen—The flowers are a brilliant brownish scarlet, the lower petals each marked with a dark brown blotch. pkt. 10 cts, three for 25 cts.

Coquette de Poissy—Of a reddish lavender; three maroon blotches on lower petals; novel and distinctly beautiful. pkt. 10 cts, three for 25 cts.

Emperor Frederick—Velvety-brown, shaded into a narrow band of deep golden-yellow, which borders each petal. pkt. 10 cts, three for 25 cts.

Emperor William—Beautiful deep blue with a heavy dark blotch on each of the five petals; grand and imposing. pkt. 10 cts, three for 25 cts.

Mammoth—Color, bright canary yellow; the three lower petals are spotted with mahogany-brown, while the two upper petals vary from reddish brown to dark purple, margined with gold or silver. pkt. 10 cts, three for 25 cts.

Pigeon Blood—Rich velvety blood-red, distinctly superior to all other so-called reds. pkt. 15 cts.

Pres. Carnot—Has a large violet blue blotch surrounded by a sharply defined silvery white margin on each of the five petals. pkt. 15 cts, two for 25 cts.

New Improved Imperial
PANSIES.

Black Prince—The flowers are enormous, of great substance and quite distinct in color. The rich, glossy black has a peculiarly soft, velvety appearance, hitherto unknown. The flowers are of fine circular form, carried upright, well above the foliage. pkt. 10 cts.

Giant Trimardeau Pansies—These remarkably large pansies, for size of flower and robust growth, eclipse any known strain. The flowers are of immense size and splendid shape, and stand well above the foliage, each flower distinctly marked with three large blotches. pkt. 10 cts.

Odier—Superb five-blotched flowers. pkt. 10 cts.

Pelargoniflora—Flowers showing the beautiful shades and markings of Pelargonium. pkt. 10 cts.

Red Riding Hood—The flowers are of good size, fine circular form and of the most brilliant, solid red. pkt. 10 cts.

Improved Striped—Very large, perfectly formed flowers of the most brilliant and exquisite tints of coloring, each flower being very handsomely striped. pkt. 10 cts.

"Rainbow"—Upper petals sky blue, edged with violet; lower petals are most purple, sometimes on a white, sometimes on a yellow ground, marbled and spotted. pkt. 10 cts.

Fire King—Three lower petals have each a large blotch of deep brown-red or magenta margined with yellow, while the upper petals are of a bright reddish brown, of a really fiery shade. pkt. 10 cts.

Peacock—A grand fancy colored flower, petals edged with a thin white line, within which is a space of purplish crimson, passing into a rich central blotch of deep blue, shading to black. pkt. 10 cts.

Yellow Prince—Of perfect form and color, pure golden yellow, with the three lower petals distinctly marked with a large, double purplish blotch. It is of very compact, bushy flowering. pkt. 10 cts.

Mammoth Butterfly—A most beautiful strain of Pansies with matchless form of beauty. pkt. 10 cts.

SPECIAL OFFER—I will send one packet each of the above New Improved Imperial Pansies, including one packet of the “New Superb” Prize Pansy mixture, for 75 cents.
THE NEW SUPERB PANSY MIXTURE.

A combination of the finest French and German Prize exhibition varieties. The labor of many years of careful cultivation and constant selection has resulted in an almost endless variety of constant shades of color and good circular substance, and extra large-sized flowers. Embrace, all solid and self-colors, delicately shaded, five-spotted on back-grounds of every color; large spotted; edged or bordered; flowers of various colors, each with distinct rim of white, yellow or blue; dark and light marbled varieties; striped flowers of striking beauty, blotched, veined, mottled and margined in combinations that would be thought impossible. pkt 10 cts, 3 for 25 cts.

SWEET SCENTED PANSES.

This lovely new class is the result of crossing the Pansy with the Violet, retaining the Violet perfume, with Pansy blooms two inches in diameter, in many colors, including pure white, yellow, black, maroon, striped, blotched, etc. Mixed colors. pkt. 10 cts, 3 for 25 cts.

VIOLAS OR NEW TUFTED PANSES.

For years these hardy, gifted Pansies have grown in England, where they are most extensively used for borders, but they were always propagated by cuttings. I have succeeded in securing a limited amount of seed. The plants grow in dense, compact little bushes, which are completely covered with their bright flowers from early Spring until late in the Fall. The colors range in all shades of white, pink, blue, yellow, violet and purple, as self-colors, or in combinations. It is a decorative plant of the highest order, and I feel sure it will soon be as universally grown in this country as it has been for years in England. pkt. 10 cts, 3 pkts. for 25 cts.

NEW GIANT RUFFLED PANSY, “MASTERPIECE.”

This superb new Pansy is distinct from all others in the form of flowers, the border of every petal being conspicuously undulated and curled, as shown in our illustration on page 4. The flowers are extremely large and nearly all of them exhibit this peculiarity. The curled petals give the flowers a fuller and more globular appearance than those of other classes of Pansy. This new class is remarkable also for the wonderful combinations of color which it shows, including some tints hitherto unknown in Pansies. The plants are very vigorous and bloom profusely. pkt. 20 cents, three pkts. for 50 cents.
The Best New and Choicest Sweet Peas.

This list has been selected from varieties of the true Grandiflora Strain, bearing three to four of the largest flowers to a stem, and includes the best of the late novelties. No better list is offered in any catalogue.

5 cts. per Packet, any Seven Packets for 25 cts. 10 cts. per Ounce, any Four Ounces for 25 cents. 20 cts. per 1/4 lb., 60 cts. per lb., postpaid.

Admiration—Deline shade of rosy lavender.
Brilliant—New bright scarlet; does not burn.
Chancellor—Bright shade of orange-pink.
Daydream—Standard white clouded with crimson; wings white flaked rose.
Earliest of All—Standards bright rosy-pink; wings creamy white, suffused with rose. Fully ten days earlier than any other Sweet Pea.
Fashion—Beautiful shade of cerise-pink.
Lottie Hutchins—Cream flaked with pink.
Maid of Honor—White delicately edged with blue.
Navy Blue—Largest size; deep rich blue.
Novelty—Standard bright orange-roser; wings light mauve.
Orange Prince—Standard orange-salmon; wings a bright pink.
Othello—Deep glossy maroon; a grand variety.
Prince of Wales—Bright rose; self colored.
Ramona—White, daintily splashed with pale pink.
Sadie Burpee—The largest and earliest pure white.
Savary—Grandiflora—the finest scarlet grown.
Senator—Bright brown; chocolate stripes on white ground.
Sensation—White suffused with faint blush.
Triumph—Standard orange pink; wings white flushed with purple.
Wawona—Heliotrope delicately striped with white.

Perfection Mixture of the Newest Sweet Peas—This mixture is made by myself in equal proportions of the above varieties, thus my patrons can be assured of getting the best assortment it is possible to obtain. pkt 5 cts., oz. 10 cts, quarter pd. 20 cts, pd. 60 cts, postpaid.

BEST STANDARD VARIETIES OF SWEET PEAS

At the Uniform Price of 3 cts. per Pkt., Ounce, 8 cts., 1-4 lb. 15 cts.

America—The brightest blood-red striped.
Alice Eckford—Rich cream tinted standard; white wings.
Aurora—Large flowers; white ground flaked and striped bright salmon.
Blanche Burpee—Finest giant flowered white; very free bloomer.
Blanche Ferry—Large pink and white flowers.
Cattley—Beautiful light magenta or claret.
Crown Jewel—Primrose veined with violet-rose.
Duke of Clarence—Brilliant shade of rosy claret.
Emily Henderson—The earliest pure white; fine.
Golden Gleam—Beautiful deep primrose yellow.
Gray Fria—Watered purple on white ground.
Her Majesty—Bold flowers of the most beautiful rose color.
Lottie Eckford—White edged lavender blue.
Lovely—Grand flowers of soft shell-pink.
Mars—The largest and finest bright scarlet.
Mrs. Eckford—Beautifully shaded primrose yellow.
Mrs. Sankey—Remarkably large pure white flowers.
Oregonia—Silvery-white ground, watered rosy carmine.
Royal Robe—Standard delicate pink; wings blush pink.
Beautiful.
Stanley—Rich dark maroon of largest size.
Stella Morse—Rich primrose, flushed pink.
Eckford's New Sweet Pea, Mixed—This is a mixture of all the above and other distinct varieties, and I can recommend it as the finest strain of Mixed Sweet Peas ever offered for sale. pkt 3 cts., oz. 8 cts, quarter pound 18 cts, pound 50 cts.

BURPEE'S BUSH SWEET PEAS.

This is a new race of entirely distinct growth and proven entirely satisfactory in every way. The plants are erect, 15 to 18 inches high and frequently same in diameter. The stout stalks and interlacing tendrils keep them erect. Prolific bloomers and flowers of as fine form and coloring as the tall varieties and are quite distinct from the Cupid type in being borne on long slender stems. As the stems of the flowers can be cut with some of the most attractive foliage, they are most desirable for bunching in bouquets or used as floral decorations.

Finest Varieties Mixed, pkt. 5 cts., oz. 15 cts, 1-4 lb. 40 cts.

CUPID SWEET PEAS.

Packet 5 cts, oz. 15 cts, 1-4 lb. 40 cts.

Pink Cupid—In habit and manner of growth it is strictly a Cupid, spreading from the root, from a foot to eighteen inches around, growing from six to eight inches high and shooting up stems about six inches long, which bear in full bloom at once from three to four hundred large flowers and all borne close to the end of the stem.

White Cupid, New—Dwarf; does not grow over six ins. high. Flowers pure waxy white and borne three on a stem; wonderfully free blooming. The finest plants for bedding and planting in the borders. Bloom until frost.

Cupid, Mixed Varieties—This mixture contains seed in suitable proportions of all the various Cupid varieties, eight in number, which are becoming so popular for beds, borders and pot plants.

NEW DOUBLE SWEET PEAS.

From most carefully selected stock seed, saved only from plants bearing the best double flowers and including the finest varieties offered. pkt 5 cts, oz. 10 cts, quarter pound 30 cts.
New Ageratum Blue Perfection
This new variety is the darkest colored of all large flowering kinds. The color is a deep amethyst blue, of dwarf, compact growth; a very valuable plant for borders of walks, flower beds, etc. (See cut.) pkt 10 cts.

Ageratum Mexicanum — The species most extensively grown. Height 1½ inches. Blue or white. pkt 3 cts.

Ageratum Imperial Dwarf — Dwarf variety, only growing to a height of about nine inches. Blue or white. pkt 3 cts.

Amelopis Veitchi — Boston or Japan Ivy. One of the most valuable of our hardy climbing plants, clinging with great tenacity to wood as well as brick or stone. Beautiful foliage; grows rapidly from seed. pkt 5 cts.

NEW AGERATUM BLUE PERFECTION

Adulia Chirrhusa — The Mountain Fringe or Allegheny Vine. A very attractive and beautiful plant, flowering the first season. Of graceful habit. Pale green, delicate foliage, with clusters of small, rose-like flowers. Grows to a height of fifteen feet. pkt 5 cents.

Anchusa Italica — Intense blue flowers in large panicles. pkt 3 cts.

Aristolochia Siph — Dutchman’s Pipe. Fine, hardy climber, curiously shaped flowers resembling a pipe. pkt 5 cts.

Aristolochia Elegans — An elegant Summer climber, of rapid and dense growth. It bears even on small plants handsome flowers of a rich purple color, ornamented throughout with regular markings of creamy white; center of flower deep yellow. pkt 10 cts.

Acacia Mixed — Decorative greenhouse shrubs with elegant foliage; flowers yellow, white or red. pkt 5 cts.

Alyssum Saxatile (Gold Dust) — Small, golden yellow flowers. Hardy perennial. pkt 8 cts.

Aquilegia (Columbine), Single Mixed — A great variety of colors. pkt 3 cts.

Aquilegia (Columbine), Fine Double Mixed — A very choice assortment of the best. pkt 3 cts.

Aquilegia Chrysanth — Beautiful, long golden-yellow spurred flowers. pkt 5 cts.

Adonis — Ornamental garden plants of easy culture, flowering freely; graceful, feathery foliage. pkt 3 cts.

Aconitum — (Monkshood.) Free growing plants for borders or windows. Hardy. Mixed colors. pkt 3 cts.

Anemone Coronaria, Mixed — Large, saucer-shaped flowers of many colors. Showy, hardy plants. pkt 3 cts.

Arabis Alpina — One of the earliest of all Spring flowers; spreading tufts with pure white flowers. pkt 5 cts.

Asparagus Sprengeri — One of the best plants to grow in suspended baskets, for greenhouse or for out doors in the Summer. The fronds frequently grow four feet long and are now considered indispensable in all fine decorations; grows readily from seed. pkt 15 cts.

Asparagus Plumosus Nana — A greenhouse perennial plant, with exquisitely graceful and feathery, lace-like foliage; extensively grown by florists for decorating purposes. Per packet of five seeds, 10 cents.

Plants grow rapidly and thrive amazingly under our hot Summer sun. The flowers are borne in constant profusion from early Summer until late Autumn. The color is deep and magnificently set off by the abundant and vigorous foliage, which is waxy and glossy, stained, spotted and margined, bronze-purple. Few other flowering plants as rich and handsome can be so easily raised from seed and come to full perfection in so short a time. pkt 10 cts, three for 25 cts.

Begonia, Tuberous Rooted Hybrids — These very charming and showy Begonias, with orchid-like flowers and rich tropical foliage, can be planted in light, moderately rich soil with a liberal mixture of sand. Seedlings raised from sowings made early in the year will bloom freely in the course of Summer. Fine mixed. pkt 15 cts, two for 25 cts.

Balloo-Vine — Cardiospermum. Of rapid growth, with pretty foliage and inflated capsules. pkt 3 cts.

Brazilian Morning Glory — The most magnificent Summer climber in my collection. Makes a growth of thirty to forty feet in the course of the Summer. The flowers, which open in the morning, are three inches or more across, of a beautiful rose color, and are borne in large clusters freely from July to frost. pkt 5 cts.

Brachycome Iberidiflora — (Swan River Daisy). Very effective, dwarf growing plants, covered for months with a profusion of single daisy-like flowers; blue and mixed; six inches. pkt 3 cts.

Browallia — Handsome plants, eighteen inches tall, with shilling green foliage and bright blue and pure white flowers; mixed. pkt 3 cts.

New Giant Browallia — Without doubt the most beautiful of all the Browallas. Plants only a foot high, covered with flowers. The fronds of large sky-blue flowers. For beds, borders or pots there is hardly another plant with blue flowers that compares with it. pkt 10 cts, three for 25 cts.

Calla — Aethiopica — The popular Calla Lily. Easily grown from seed, flowering the second year. pkt 5 cts.

Cary Bird Flower — This is one of the most beautiful of climbers, with handsomely fringed, rich yellow and delicate flowers. pkt 3 cts.

Cobaea Scandens — Of rapid growth and large size, with fine foliage. This is one of the most graceful climbers. Large, bell-shaped flowers of a beautiful violet blue. pkt 5 cts.

Centaurea Margareta — A very handsome plant which grows about eighteen inches high, and produces large, pure white flowers of the sweetest fragrance. Being produced on long, stiff stems, the flowers are most admirably adapted for bouquets, vases, etc., especially as they keep in good condition for a week after being cut. It is as easily grown as Bachelor’s Button, to which family it belongs. pkt 5 cts.
COSMOS, NEW GIANT VARIETIES.

Cosmos, New Giant Fancy—This new strain of Cosmos is notable both for purity of color and the gigantic size of its flowers. The broad petals overlap each other producing perfectly circular flowers of splendid substance, which measure 4 inches across, sometimes even reaching 5 inches in diameter. Pkt 10 cts, three for 25 cts.

Cosmos, New Yellow—A distinct new variety, with beautiful yellow flowers, blooming from early Summer to late in the Fall. Pkt 10 cts.

Cosmos, New Giant White and Pink—Very grand and beautiful; giant flowers of purest white, sometimes very light-ly tinged with pink. Pkt 5 cts.

Cosmos, The Klondike, New—The so-called Yellow Cosmos, which I never offered, is not a Cosmos at all! It is simply the old small-flowered Bidens ferulafolia. This variety from Mexico, now first introduced, produced at Fordhook the past Summer magnificent bright yellow flowers, 2½ to 3 inches in diameter. Pkt 10 cts, three for 25 cts.

Cosmos, Dawn—This new variety comes into bloom in July and continues to flower until cut down by severe frost. Of good size; the handsome circular flowers are white, with a delicate tint of rose at the base of the petals. The plants are of a compact, bushy growth, four and one-half feet. Valuable particularly for the North, where the seasons are too short for other strains. Pkt. 10 cts, three for 25 cts.

Marguerite Carnations, California Giants—This is a very greatly improved strain of the New Marguerite Carnation, which is so popular because it produces fine, fragrant, double flowers in only four months from seed. The plants are dwarf and compact, though of vigorous growth. Comes into bloom earlier than the Marguerites. Produces much larger and more finely double flowers, continue to bloom profusely until the flower buds are destroyed by heavy frosts. Finest colors mixed. Pkt. 10 cts, three for 25 cts.

New Dwarf Margaret Carnation—Like its parent the Marguerite, this Carnation blooms in four months from sowing, but is as much in advance of the type as the new French Cannas are ahead of the old “Indian Shot.” The flowers are larger, more double and the variety of colors is infinitely greater. The plants grow about 1½ inches high, flowers always erect. If taken up in the Fall, the plants will bloom all Winter. Pkt. 5 cts, 6 for 25 cts.

Calceolaria, Prize Strain—The blooms are remarkable for their oddness of shape, for their size, and for richness, diversity and delicacy of coloring. Seeds may be sown from May to August, in light, rich, well sifted soil, and frequently transplanted. Tender perennials. One foot in height. Pkt. 10 cts, three for 25 cts.

Cactus, Mixed Varieties—Beautiful plants for pot culture in the window or in the greenhouse. Pkt 5 cts.

Coreopsis Lanceolata—Large golden yellow flowers; profuse bloomer; keeps in flower throughout the Summer; one of the best hardy plants. Pkt 3 cts.

Catchfly, Mixed—Showy, early-flowering garden annuals. Pkt 3 cts.
Coleus, Sunset Strain of Large Leaved—Embracing varieties of extraordinary merit, all with richly colored leaves of large size. The foliage is beautifully lacinated, of intensely brilliant colors, variegated in every conceivable manner, and nearly every plant is entirely different from the other. Are very easily raised from the seed, and one packet will produce an almost endless variety. Pkt 10 cts.

Chrysanthemum Tri color, Mixed Varieties—Distinct and valuable for cut flowers. Pkt. 5 cts.

Chrysanthemum Inodorum Plenissimum—Although a perennial, it flowers abundantly the first year from seed, each plant producing hundreds of beautiful, perfectly double snow-white flowers. Pkt 3 cts.

Chrysanthemum, Perennial—As grown formerly in the old-time garden these were entirely hardy, the plants living out during the Winter, and flowering before frost in the Fall. They have been hybridized and improved greatly in size, form, and colorings by the florists, but with a loss of hardness and blooming at a later period in the Fall, needing the protection of a greenhouse to bring in especially favored locations. By planting these fine varieties we have secured a strain of seed, which, sown in the open ground early in the Spring at Fordhook Farms, produced fine plants which flower quite freely in the Fall. Winter, and growing stronger each year, and at the same time produce flowers more than double the size of the old-fashioned varieties, while they embrace all the distinct types of flowers and many of the rich shadings of color seen in the finest greenhouse varieties. Pkt 10 cts, three for 25 cts.

Chrysanthemum—"French Marguerites" or "Painted Daisies." The plants grow 12 to 15 inches high, and produce on long stems beautiful large flowers of many bright colors, having the appearance of being laid on with a paint brush. Pkt 5 cts.

Chrysanthemum, Golden Feather—The dark velvety disk in the center is surrounded by a circle of bright golden yellow, followed by another clear-cut circle of crimson; beautiful golden foliage. Pkt 5 cts.

Centrosema Grandiflora—(The Butterfly Pea.) A hardy perennial vine of great beauty, which blooms early in June from seed sown in April, and bears in the greatest profusion inverted pea-shaped flowers, ranging in color from a rosy violet to a reddish purple, with a broad feathered white marking through the center. Very fragrant. Pkt 10 cts.

(Centrosema Grandiflora)

**Clematis.**

*Clematis Paniculata—This is one of the finest hardy perennials in cultivation, growing twelve feet, and covered from the ground to the summit with pure white, deliciously fragrant flowers. Pkt 10 cts.*

*Clematis Hybrida, Mixed—Rapid growing climbers, fine for arbors and verandas. The small varieties bloom in clusters, and are very fragrant; fifteen feet. Pkt 10 cts.*

*Clematis Flammula—Virgin's Bower. Beautiful clusters of small white, fragrant flowers. Pkt 5 cts.*
New Cereals. Ostrich Feather—This new Feathered Cereals has very large bright crimson and orange plumes which are exquisitely curved and curled in exact resemblance of an ostrich feather. The plant grows a foot or three feet tall is of handsome pyramidal form and makes one of the most effective ornamental plants for either pot or outdoor culture. It is as easily grown as the ordinary Coctails. Price, per pkg. 5 cts.

Cleome Pungens—Giant Spider Plant. Curious heads of bright red-blossomed flowers. Pkt. 3 cts.

Centauraea Gymnocarpa—Finely cut, arching, silvery gray leaves. Pkt 3 cts.

Crozys New Dwarf Cannas—Bloom freely the first year from seed. They are much less expensive and incomparably more beautiful for bedding than the best Geraniums. The root can be kept in the cellar over Winter, and each plant will give six to eight good roots for planting the following Spring. The seed I offer has been saved from the finest varieties. Pkt 5 cts.

Calliopsis Fine Mixed—Shades of yellow, orange and redish brown. Pkt 5 cts.

Calendula Orile—Large flowering, bright yellow. Pkt 3 cts.

Convolvulus Minor—(Dwarf Morning Glory). Grows to a height of one foot only. Mixed colors. Pkt 3 cts.

Convolvulus, Fine Mixed—Embracing a great variety of colors. Pkt 3 cts, oz 10 cts.

Convolvulus Striped—(Morning Glory). Large, handsome flowers of great beauty; they are variously striped and blotched with red, blue and rose on a white ground. Pkt 3 cts.

Cyclamen Persicum—Most charming bulbous-rooted plants, with beautiful foliage variegated in different shades of green, and richly colored orchid-like flowers. Splendid mixed. Pkt 5 cts.

Cyclamen, Giganteum, Mixed—Beautifully mottled leaves and large flowers of rich colors. Pkt 10 cts.

Cypress Vine—One of the most elegant vines with delicate, fern-like foliage and beautiful star-shaped flowers. Mixed colors. Pkt 3 cts.

Cypress Vine, White—Purest paper white. Pkt 3 cts.

Campanula, Choice Double Mixed—All double varieties mixed. Pkt 5 cts.

Carnation—Not being difficult of cultivation the plant should be found in every garden, where its scarlet, crimson, rose and pink make a wonderful show of tints. Fine mixed Pkt 5 cts.

Cineraria Hybrida—This is one of the brightest and best of house plants, blooming most profusely during the late Winter and early Spring. Of richest color: crimson, magenta, violet, blue, white and variegated. Keep the plants in a cool, shady place during the Summer. Large flowering; finest mixed. Pkt 10 cts.

Cineraria Maritima—(Dusty Miller). Very ornamental for bedding and as a decorative plant. Of dwarf compact habit, with handsome silvery-white foliage; can be grown very easily from seed. Pkt 5 cts.

Delphinium, Larkspur, Tall Rocket—Double mixed. Pkt 5 cts.

Delphinium, Larkspur, Emperor—Splendid a single plant having 50 or more erect spikes of flowers. Delicate mixed colors. Pkt 5 cts.

Delphinium, Larkspur, Dwarf Rocket—Finesest mixed. Pkt 3 cts.

Delphinium, Larkspur, Formosum—Flowers very deep blue, in tall, much crowded spikes. Pkt 3 cts.

Delphinium, Larkspur, Hybridum—(Rose Larkspur) Grandest of perennial species. Tall spikes 3 to 4 feet high, light blue, with a black, bee-like spot in center. Pkt 3 cts.

Delphinium, Larkspur, Chinese—(Dwarf Chinese Larkspur) Grows 1½ feet, free-blooming; mixed. Pkt 3 cts.

Dracaena Indivisa—A foliage plant, used extensively for centers of vases, and for pot culture, this arching leaves, two to three feet. Pkt 5 cts.

New Large Fancy Dianthus, Oriental Beauties—A magnificent new strain, large flowering Dianthus from Southern Japan. Splendid flowers, 3 to 4 inches in diameter; most exquisitely formed, petals full, overlapping, crinkled and laciniated. Color pure white through shades of pink and crimson. They are hard, perpetual bloomers. Pkt 15 cts, two for 25 cts.

See My Liberal Premiums on Seed Orders at Top of Page Two
DAHLIAS.

Dahlias are grown easily from seed, flowering freely the first season. Sow the seed thinly in drills one-half inch deep in the hot-bed or in shallow boxes of rich soil in the house early in the Spring. When well started transplant to the open ground when the trees are out in full leaf, setting the plants two feet or more apart each way. Furnish each plant with a stout stake, and trim off the side shoots so as to throw all the strength into the central stem to promote early flowering. In the fall the tops may be cut off, the bulbs dug and wintered in a warm cellar. Plants raised from seed will give a wide range of beautiful colorings, and nearly all the plants will produce fine double flowers. Many gardeners admire the single flowers, even more than the double ones.

Extra Choice, Large Flowering Double—This splendid strain is saved from a large collection of perfectly double varieties. pkt 10 cts., three for 25 cts.

Super Single Dahlias—These are easily raised from seed; they begin to flower in July. pkt 5 cts.

Double Daisy—Daisies are easily raised from Spring-sown seed, and come into flower in a very short time. With protection they will withstand the Winter. Fine double mixed. pkt 5 cts.

Daisy Longfellow—Remarkable for the unusual size and doubleness of its dark rose flowers. pkt 10 cts.

Daisy Snowball—Large flowers, perfectly double, of purest white. pkt 10 cts.

Digitalis (Fox-Glove) Finest Mixed—Long racemes of beautifully spotted flowers. pkt 3 cts.

Datura—(Angel's Trumpet, or Sweet Nightingale.) Very warm plants, growing to three to five feet high, bearing immense trumpet shaped flowers six inches in length and very fragrant. They bloom freely from seed sown in the open ground the first season, but the roots can be taken up and kept over Winter the same as Dahlias. Mixed varieties. pkt 5 cts.

Datura Double—Mixed colors. pkt 5 cts.

Datura Wrightii—Single white flowers. pkt 5 cts.

Dianthus Chinensis—(Double Chinese Pinks.) Very double, large flowers; magnificent color. pkt 3 cts.

Dianthus Snowflake—Pure white flowers, of immense size; very double, fringed. pkt 3 cts.

Dianthus Crimson Bell—Very large, single dark red flowers. pkt 3 cts.

Dianthus Dwarf Fireball—Brilliant blood-red, perfectly double, laciniated flowers. pkt 3 cts.

Dianthus Mourning Cloak—Large, double flowers; a very dark mahogany, almost black; edged with white. pkt 3 cts.

Dianthus Eastern Queen—Magnificent single flowers; 2 to 3 inches across; striped and stained. pkt 3 cts.

Dianthus Heddivigi—(Japan Pinks.) Splendid double flowers; fine in beds or borders. pkt 3 cts.

Dianthus Lacinatus—Large, single, fringed flowers; mixed. pkt 3 cts.

Dianthus Lacinatus, fl. pl.—Large, perfectly double and fringed flowers; finest mixed. pkt 5 cts.

Dianthus Plumarius, Single Mixed—(Hardy Feathered Pheasant's Eye Pinks.) Large, single, fragrant flowers of beautiful colors and fringed. pkt 3 cts.

Dianthus Plumarius (Hardy Pinks) Double Mixed—Double fringed flowers, fragrant, and of white, crimson or purple shades, spotted and variegated. pkt 8 cts.

New Double Daisy, Giant Flowered White—A distinct feature is the large size of its beautiful flowers, which have flat petals of a very showy white color, perfectly double. They are produced in great abundance above the foliage, which is much larger than in the older varieties. A valuable plant for Spring decoration, grown either in the open ground or in pots. pkt 10 cents, or three pkts for 25 cents.
Euphorbia Marginata—(Snow-on-the-Mountain.) Beautiful foliage, elegantly veined and margined with white; very showy. pkt 3 cts.

Euphorbia Heterophylla—"Annual Poinsettia" or Mexican Fire Plant. Grows two to three feet high, with smooth, glossy leaves. The leaves are at first entirely green, but about mid-Summer, at the end of each branch appear greenish-white flowers, enveloped in beautiful orange scarlet bracts, and the surrounding leaves are either blotched with vivid carmine or are carmine with green tips. pkt 5 cts.

Erythrina—(Coral Plant.) It grows about five feet high, with large spikes of deep scarlet, pea-shaped blossoms. pkt 5 cts.

Golden Rod—America's National Flower. The favorite yellow wild beauty. pkt 3 cts.

gorgeous flowered gloxinias

Gloxinias, New Superb Prize Mixed—A collection of the newest bloomed, spotted and margined strains; large size, beautiful shape, and profuse bloomers, colors ranging from pure white to dark blood red, pink, lavender, indigo blue, marbled, spotted, and margined in a manner truly fascinating. Culture printed on packets. Price of choice seed mixed: pkt 15 cts, two pkts for 25 cts.

Gladiolus, New Hybrids—The ease with which new varieties of this magnificent flower can be raised from seed should entitle this grand mixture to a trial. It has been saved from one of the finest collections, comprising over 1,000 select named varieties of Childsii, Lemoinei, Nanceanus and Gandavensis hybrids, carefully hand hybridized, with a view to carrying the size, richness and variety of color, substance of flower, as well as the strength of plant, up to the highest point, and the product may be expected to produce nothing but sorts of the highest merit. pkt 10 cts, three for 25 cts.
Gypsophila, Elegans—White perennial for bouquets, grows in any soil. Pkt 3 cts.

Gourds, Ornamental—Summer climbers of exceedingly rapid growth and luxuriant foliage; fruits when allowed to fully ripen on the vines, can be kept for months as curiosities. Fine mixtures. Pkt 3 cts.

Dipper Gourd—Valuable for dippers of various sizes which will last for years. Pkt 3 cts.

Dishcloth Gourd—The tough, spongy lining makes an admirable and lasting dishcloth. Pkt 3 cts.

Sugar Trough Gourd—Very useful for various purposes; grow to hold four to ten gallons; thin, hard shells. Pkt 8 cts.

Japanese Nest Egg—Resembling in color, shape and size the eggs of hens; are unusual ed by cold or wet and therefore make the best nest-eggs. Pkt 3 cts.

HOLLYHOCK.

Few hardy plants combine as many good qualities, or lend themselves as readily to varied uses, as the Hollyhock. For planting in rows or groups on the lawn, or for interspersing among the shrubbery, they are invaluable. The flowers form perfect rosettes, of the most lovely shades of yellow, crimson, pink, orange, white, etc. It is not surprising that this old favorite should again become popular; for, by careful selection, the flowers have been so much improved that they are marvels of beauty and elegance. The Hollyhock requires a rich deep soil, well drained, and will repay in quantity and elegance of bloom any extra care. A slight protection in Winter will be beneficial.

Double Hollyhock, Fordhook Superb—A great beauty, magnificent four spikes crowded with double flowers, three to four inches across, and all of the brightest color. The flowers are quite as beautiful as those of the Camellia. Beyond doubt Superb Hollyhocks are the finest strain in cultivation, and will prove a revelation to many unacquainted with their remarkable perfection. All colors, finest mixed. Pkt 10 cts, three for 25 cts.

NEW DOUBLE HOLLYHOCK FORDHOOK SUPERB

New Double Fringed Alleghaney Hollyhocks—Of many rich colors; the grand double flowers of this new strain are remarkable for their extra large size, novel forms and graceful arrangements upon the stems. The hardy plants remain long in bloom and are most attractive. Pkt 10 cts, three for 25 cts.

Hollyhock, Chartier’s Superb New Double Mixed—Of all the brightest and best colors. The perfect doubleness of the magnificent large flowers will please the most critical. Pkt 5 cts.

Hollyhock—Double White, Double Pink, Red, Yellow and White. Separate colors each per pkt, 5 cts.

HELICHRYSUM, Eternal Flower—Are greatly admired for their beauty. Flowers large and colors bright. Highly prized for Winter bouquets. Flowers intended for drying should be gathered when partly unfolded, and suspended with heads downward in a cool shed. Succeed best in rich loamy soil. Pkt 3 cts.

HUMULUS JAPONICA VARIEGATA

NEW HELIOTROPE, LEMOINE’S GIANT HYBRIDS

HELIOTROPES.

New Heliotrope, Lemoine’s Giant Hybrids—Should I devote this entire page to an illustration it would fail to give an adequate idea of the grand size and rare beauty of the flower heads of this wonderful novelty. The trusses measure from ten to fifteen inches across. Their fragrance is delicious. The colors are from pure white through all shades of violet and blue to indigo. Even before it comes into bloom the foliage is noticeable; its large and glossy leaves frequently measure from five to seven inches, and are borne on strong, erect stems, growing about two feet in height. Per pkt. 10 cts, three for 25 cts.

Heliotrope—Choice Mixed Varieties. Pkt. 5 cts.

Heliotrope, Dark Bouquet—The large flower heads are intensely dark blue in color and most deliciously fragrant; it comes true from seed. Pkt. 8 cts.

Heliotrope, The Black King—It comes true from seed; which can be sown in the open ground with entire success. The color is unusually rich, dark purple, nearly black; undoubtedly the darkest yet developed, Pkt. 8 cts.
Heliotrope, Lady in White—This lovely variety is a fitting companion to the Black Knight. The same vigorous, healthy growth, while the superb large clusters of deliciously fragrant flowers are of pure white. pkt 5 cts.

Hibiscus Californicus—Strong-growing plants of very easy culture and exceedingly showy, the large cup-shaped flowers frequently measuring six inches across. White flowers with deep carmine center. pkt 8 cts.

Hyacinthus Candidus—GIant Summer Flowering Hyacinth, of robust growth, producing spikes three feet long, of white, bell-shaped flowers, bulbs keeping dry over Winter like a Gladiolus. pkt 5 cts.

Iris Kaempferi—(Japan Iris.) A perfectly hardy bulbous plant, with large, showy flowers; pure white and of many shades of blue and purple. pkt 3 cts.

New Giant Imperial Japanese Ipomoeas, or Morning Glories—Here we have from Japan the new Imperial Morning Glory, a new mammoth class of flowers. The flower garden will lack a beautiful spot if it is without a fence corner or trellis covered with these glorious blossoms; plant attains a growth of twenty feet by Midsummer. The leaves are large and heart-shaped, many of them a rich, dark color, marbled with silvery white or yellow. The flowers are really gigantic, being double the size of the ordinary kind. Their varieties of colors are infinite, running from snow white through all the possible shades of blue, and of red from the palest pink to the darkest reds and purples. They are streaked, mottled, striped, marbled and bordered in wonderful fashion. To gain time, start seeds in small pots in the house in March or April and plant in a warm, sunny place. pkt 5 cts.

Ipomoea Hederacea Grandiflora Superba Alba—Large, fragrant, pure white flowers. pkt 5 cts.

Ipomoea Coccinea, Star Ipomoea—Of wonderful rapid growth; dense foliage, covered with hundreds of the brightest scarlet flowers; very showy. pkt 3 cts.

Ipomoea Grandiflora, Striped-Leaved Mixed—The leaves are green, marbled with silvery white; flowers fragrant and mostly of an intense ultramarine blue, edged with sky-blue, and with a pink throat. pkt 3 cts.

Ipomoea, “Heavenly Blue”—The vines are completely covered by its sky-blue flowers, measuring four inches across; a lovely climber. pkt 5 cts.

Ipomoea Noctiflora, Moonflower—It bears lovely white flowers five to six inches in diameter, with a five-pointed star in the center; the flowers open at dusk, or earlier on cloudy days, at which time they are deliciously fragrant. Start the seed in the house and set out as early as safe in the Spring. pkt 5 cts.

Ice Plant—Mesembryanthemum Crystallinum. For vases; icy foliage. pkt 3 cts.

Lathyrus—(Perennial Peas.) They are in full bloom early in the Spring before the others have begun to flower, bearing magnificent clusters of flowers. Perfectly hardy; easily grown; mixed. pkt 3 cts.

Lavender—An ornamental hardy perennial, bearing long spikes of fragrant blue flowers. pkt 3 cts.

Lobelia—Elegant and useful, of easy culture, and well adapted to edging, edging pots or rockeries. Fine mixed. pkt 3 cts.

Lobelia White Gem—This lovely new compact annual Lobelia grows only four to five inches high, and is densely covered with pure white flowers. pkt 5 cts.

Lobelia Grandiflora Superba—A very dwarf, erect growth, only four to six inches high, and forming dense balls of charming blue flowers. pkt 3 cts.

Lynaria Cymbalaria—(Kenilworth Ivy.) A hardy and perennial trailing variety, suitable for baskets, vases, pots and rockwork. pkt 5 cts.

Lantana, Finest Mixed—Well known shrubbery plants, with clusters of Verbena-like flowers, making a grand display the first season. pkt 8 cts.

Mignonette, Large Flowering—The common Sweet Mignonette. Mixed colors. pkt 3 cts.
Mignonette. New Giant Flowered Red—Of beautiful pyramidal form, compact and vigorous grower, ten to fifteen inches high and a very abundant bloomer. Flower spikes of the largest size; the single flowers of a striking red color. pkt 5 cts. See cut on opposite page.

Mignonette, Machet—A dwarf French variety with broad spikes of very fragrant red flowers. pkt 3 cts.

Mignonette, White Giant Spiral—Quite showy in growth with very long spikes of bloom. pkt 5 cts.

Mignonette, Mixed—All varieties mixed. pkt 3 cts.

Mormordica Balsamina—(Balsam Apple.) A very beautiful, climbing plant, with handsome apple-shaped fruits, which have great medicinal properties. pkt 5 cts.

Malope Grandiflora—The plant grows eighteen to twenty inches high, and bears beautiful, large, single flowers. Mixed crimson, rose and white. pkt 5 cts.

Marigold, African—The African varieties are stronger in habit and produce larger flowers than the French. Double mixed. All varieties. pkt 3 cts.

Marigold, Eldorado, or Dahlia-Flowered—The flowers are globular, as perfectly double as a show Dahlia, and are of enormous size, measuring three and one-half to four inches across. The shades are of the richest, primrose, lemon, rich golden yellow and deep, glowing orange. pkt 3 cts.

Marigold, French Compact, Gold Striped—The plant is thickly studded with handsome flowers, generally striped regularly with brown on yellow ground. pkt 3 cts.

Myosotis—(Forget-Me-Not) These charming little favorites always succeed best in damp, sandy situations, but they thrive well in almost any soil. Blue flowers. pkt 5 cts.

Myosotis, Victoria—Very large blue flowers, which are fine for pot culture. pkt 10 cts.

Mimulus Moschatus—(Musk Flower.) Singly shaped and brilliant colored flowers, bunched and spotted in every conceivable manner. pkt 5 cts.

Mimulus Cardinalis—The beautiful scarlet Monkey Flower. The favorite of all who know it. pkt 5 cts.

Mina Lobata—A beautiful and luxuriant climber. Profuse bloomer, flowers scarlet, changing to orange and creamy white. The seeds should be started in pots early, and become pot-bound. They will then bloom early. pkt 5 cts.

Musa Ensete—(The Abyssinian Banana Tree.) Strikingly effective as single specimens upon the lawn, as well as in clumps or masses. The rapidity of its growth is astonishing, and if the seed is sown early in hot beds and repotted several times, it will attain the height of eight feet by the first Summer. The leaves are magnificently long, broad and massive, of a magnificent blue and green. 10 cts per pkt for three seeds.

Tom Thumb Nasturtiums—The improved Dwarf or Tom Thumb Nasturtiums are unrivaled in beauty and effect. Planted in poor soil they flower most profusely, and remain in bloom a long time. Varieties mixed. pkt 3 cts, oz 15 cts, ½ pd 40 cts.

Nasturtium, Golden King—Deep golden yellow flowers, thrown well above the foliage. pkt 3 cts.

Nasturtium, Ruby King—Pink shaded with carmine, dark foliage. pkt 5 cts.

Nasturtium, King of the Tom Thumbs—Bluish green foliage. Showy, intense scarlet flowers. pkt 3 cts.

Nasturtium King Theodore—Bluish green foliage and almost black flowers. pkt 3 cts.

Nasturtium, Emperor of India—Brilliant crimson scarlet flowers. Very rich. pkt 5 cts.

Nasturtium, Chameleon, New—A most gorgeously spotted and variegated flower, hardly any two on the same plant alike. The finest of the class. pkt 10 cts, 3 for 25 cts.

Tropaeolum (Lobbianum) Lucifer—The richest velvety deep crimson imaginable. pkt 5 cts, oz 20 cts.

Tropaeolum (Lobbianum) Spitfire—New, entirely true from seed; the brightest and most glowing in tone of all. pkt 5 cts.

Tropaeolum (Lobbianum) Finest Mixed—From dark velvety to the brightest gay colors in mixture. pkt 3 cts, oz 20 cts.

Tropaeolum, Majus—Mixed colors. pkt 3 cts, oz 15 cts, ½ pd 40 cts.

Oxalis—Small, free-flowering plants, thickly starred with bright flowers from June until frost. Fine for bordering beds. Sow seed early. Finest mixed. pkt 5 cts.

Nigelia—(Love in the Mist.) The plant has finely cut foliage, and curious looking flower and seed pods. It is of easy culture. All varieties and colors. pkt 3 cts.

Nolana, Mixed—Very pretty trailing plants for rock-work, hanging baskets, floral borders, etc. The flowers resemble the Dwarf Convulvus. pkt 3 cts.
Passiflora, Passion Flower.

Handsome, rapid-growing perennial climber for greenhouse decoration or sunny positions in the summer. I have several sorts mixed.

Price, per pkt 10 cts.

**Passion Flower**

Phlox, Drummondii—Fine mixed. All colors of the original type of Phlox Drummondii. oz 60 cts, pkt 3 cts.

Phlox, Alba—Pure white. My strain is magnificent; chaste white flowers of unusual size and perfect form. pkt 3 cts.

Phlox, Large Blood Red—Darkest colored of all, being of the deepest blood-red color. pkt 5 cts.

Phlox, William First—Beautifully striped. pkt. 5 cts.

Phlox, Dwarf Fireball—Intense scarlet. pkt 5 cts.

Phlox, Dwarf Snowball—Forms balls of pure snow-white flowers. pkt 5 cts.

Phlox, Drummondii Grandiflora—Fordhook strain—This strain of mixed large flowering Phlox is most remarkable in variety and brilliancy of colors. My strain is notable for the perfection and size of the flowers—many of the single flowers are so large they will nearly cover a fifty-cent piece. pkt 5 cts.

New Large Yellow Phlox—Rich straw-yellow, of warm and glowing tone, while the flowers are of extra large size and fine form. pkt 3 cts.

Phlox, Starred and Fringed—Nothing in the Phlox line created such a sensation as the Fimbriata, Cuspidata and Star of Queebuburg. These large sized and curiously fringed and toothed blooms took the floral world by storm. I offer the improved Hybridized strain of wonderful beauty. pkt 5 cts.

Phlox, Hardy—Magnificent hardy flowering plants, growing strong bushes from two to four feet high, bearing immense heads of large waxy flowers of lovely shades of color. pkt 10 cts.

**Primrose Obconica**

Primula, Alba Magnifica—Flowers borne in large trusses well above the foliage are pure white, with large bright yellow eyes. pkt 15 cts.

Primula, Coccinea—A very brilliant bright red. pkt 15c

Primula, Finest Fringed—Large flowering. A grand mixture, embracing all the above and many other finest fringed large flowering varieties. pkt. 15 cts.

Primula Obconica—A lovely and profuse ever-blooming Primrose, bearing beautiful single flowers, white shaded with a slight tinge of lilac. pkt. 10 cts.

Primula, Forbesi, Baby Primrose—This is the finest flowering Primula we know of. The seed comes up very readily, and the little plants throw up tiny flower stalks when only a few weeks old. These, however, should be pinched off, and the plants kept growing until October when the flowers may be allowed to develop, and from then on until late in Spring they produce their sprays of beautiful flowers in seemingly never-ending profusion. pkt. 15 cts.

Onothera, Mexican Primrose—A most desirable plant for Summer and Autumn blooming. The plants grow about ten inches high and are covered with large flowers of a beautiful pink, with a white center. Useful for both pots and outdoors. pkt 10 cts.

Onothera, Evening Primrose, Acaulis Alba—Saucer-shaped, silvery white flowers of enormous size; striking and fragrant. pkt 3 cts.

**Poppies**

Poppy, The Mikado—Of pure white and brilliant crimson scarlet; large double flowers of quaint, artistic beauty, with petals deeply cut, fringed and twisted like a Japanese Chrysanthemum. pkt 3 cts.

Poppy, Shirley—New. Of marvelous beauty. Shades of delicate rose, pink, carmine and brilliant crimson colors. Many of the flowers are edged with white and the petals have a gloss—silk-like texture. pkt 5 cts.
New Emperor Salpiglossis
The ease of culture is the first qua-
ity that commands the Salpiglossis
to all amateur gardeners. It thrives
in any good garden soil and in almost
any situation, though like other flow-
er it responds readily to good treat-
ment. This New Emperor strain is a
very great improvement on the older
type in its increased size of flowers,
their improved shape and larger va-
riety of colors, and more than all else
in their singularly beautiful veining
of gold. See cut above. pkt. 10 cts.
three for 25 cts.

Poppy, Improved Double Carnation
Mixed—For dazzling richness and variety
of colors the flowers are unequalled. pkt.
5 cts.

Poppy, Snowdrift — A grand variety.
Large, pure white flowers, perfectly round
and double. pkt. 5 cts.

Poppy, Tulip — A new and distinct
Poppy, of brilliant red color and very free-
blooming. pkt. 5 cts.

Poppy, Paeony Flowered — Double.
The flowers are equal to Paeonies in size,
brilliance and variety of color. pkt. 5 cts.

Poppy, Improved Double Mixed —
For dazzling richness and great variety
of colors they are unequalled. pkt. 5 cts.

Golden Gate Poppies — Every conceiv-
able combination of colors; striped, blotch-
ed, edged and bordered, on both single,
semi-double and double flowers. wonderfully
varied and beautiful. pkt. 5 cts.

The following two varieties are
Hardy Perennials:

Oriental — Immense flowers of brilliant
scarlet, with a fine purple center. pkt.
5 cts.

Nudicaule— Iceland Poppy. More dwarf
than the preceding. Flowers varying from
white to the deepest and most orange yel-
low. Very free blooming and admirable
for pots; mixed colors. pkt. 5 cts.

Portulacas, Single — Brilliant and
beautiful colors. They delight in sunny
situations, where they rapidly carpet the
ground. Finest mixed. pkt. 3 cts.

Portulacas, Double Flowering Mixed— Unbe
touched for brilliancy and beauty.
One-half of the plants will produce magnifi-
cent double flowers. pkt. 5 cts.

Paeony, Double Mixed—Grand, hardy
plants, well known ornaments of our gar-
dens, with large, double flowers of various
shades. pkt. 10 cts.

Paeonie, Pink — Hardy fancy, double;
mixed superb flowers of various shades.
pkt 5 cts.

Pentstemon, Mixed — All varieties.
Flowers resemble Gloxinias in shape. Mottled
in crimson, pink, blue, white, crinum, etc.,
which remain in bloom a long time. pkt.
5 cts.

Pyrethrum, Hardy Flowering Va-
rieties — Valuable for permanent beds,
bearing large, bright-colored flowers of
rose, flesh, pink, white, crinum, etc.,
which remain in bloom a long time. pkt.
5 cts.

Scaianthus — See page 18

Playcodon, Grandiflorum — It grows
upright, producing very handsome, bright
deeple blue and white flowers of extra large
size. Its flowers freely the first year from
seed and is perfectly hardy; one of the
finest border plants known. pkt 5 cts.

Ricinus Zanzibaronsis, Giant Cas-
tor Bean — Leaves measure nearly four feet
across. From seed sown in the open ground
in May the plants are in full foliage early in
July, and attain a height of twelve to four-
teen feet. The enormous leaves beautifully
lobed, measure from two and a half to nearly
four feet across. Planted as a solitary plant
on the lawn, it makes a perfect pyramid of
foliage, thickly set from top to bottom with
gigantic leaves. A dozen plants in a large
bed make a most picturesque sight, to be
admired from a long distance. The differ-
ence between the varieties in the coloring of
the grand bamboolelike stems and long, slen-
der leaf stalks is most admirable. Mixed
varieties. pkt. 10 cts. oz. 25 cts.

Ricinus—Castor Oil Bean. Noble plants
for Summer subtrropical decoration. Height
five to fifteen feet, with imposing foliage
and flowers. Mixed varieties. pkt. 5 cts.

Rocket Sweet—Mixed colors; fragrant
purple and white flowers. pkt 3 cts.

Stock, Giant Perfection — A splendid
race, growing two and one-half feet high,
with large spikes of perfectly double flow-
ers of great substance. Mixed. pkt 8
cents.

Stock, Ten Weeks—Desirable pot
plants, as well as in the open garden.
The are greatly prized for cut flowers on account
of their fragrance and diversity of color.
To have a continuous succession of bloom;
sow at intervals from the beginning of
March to the end of May. Fine mixed.
pkt. 5 cts.

New Large Flowering Globe Pyra-
midal Stock — A magnificent race, with
immense spikes of perfectly double flowers,
the individual blooms frequently measuring
from two to two and one-half inches in
diameter. In great variety of color. pkt
8 cts.

Stock, New White Perpetual—Prin-
cess Alice, or “Cut and Come Again.” Of
strong growth and fine branching habit, it
grows to the height of one and one-half
feet, and if sown early will produce unint-
terruptedly a great abundance of bloom
from June until November. The individual
flowers are uncommonly large, of the purest
possible white. The oftener they are cut
any situation, the better they seem to like it.
pkt 10 cts.

Stevia Serrata — Produces a mass of
tiny, star-shaped, pure white flowers.
Most excellent for bouquets. The plants
grow about eighteen inches high, the stems
branching freely and almost completely
covered with the corymbs of flowers; very
pretty in beds; unequalled for cutting.
pkt 5 cts.
MAMMOTH FLOWERING VERBENA

weight. It is one of the most desirable plants for decoration purposes if planted either singly, in groups or with other plants. The flowers are of the most brilliant, dazzling scarlet and produced in abundance from late in the Fall. Pkt 10 cts, three for 25 cts. See cut below.

Salvia, Splendens, Silverspot—The most distinctive feature of this novelty is its strikingly handsome spotted foliage. Leaves are rich, soft dark green with light sulphur or cream-colored spots of various size, liberally sprinkled over them. The unique and elegant foliage is "very abundant and has an extremely fresh and healthy appearance." The intense bright scarlet flowers are very large, and the plants of neat compact habit and very floriferous. A charming variety of great effect. Pkt 15 cts.

Smilax—Grown principally for its elegant green foliage, so indispensable for floral work. Requires a sunny window and free from dust. It grows very quickly from seed. Pkt 5 cts.

Sensitive Plant, Mimosa Pudica—Very chaste and elegant in foliage, the leaves being delicately planted. It affords much amusement by its sensitive character—even when slightly touched the leaves instantly close and droop; easily grown. Pkt 3 cts.

Sweet William, Perfection, Single Mixed—A splendid strain; flowers of many bright colors, large size, and varied markings, including the finest auricula-eyed varieties. Pkt 3 cts.

Sweet William, Double Mixed—Fine double flowers, particularly good, and embraces all colors. Pkt 3 cts.

Salam, Black-eyed Susan, Fino Mixed—Elegant growing climbers, rapidly covering wire trellises, hanging baskets, etc., in the house. Pkt 5 cts.

Tritoma—"Red Hot Poker Plant," or "Torch Flower." Splendid, hardy perennial plants, admirably adapted for single clumps on the lawn or among shrubbery, where its tall spikes of orange red flowers make an effective display from August until December. 4 to 5 feet high. Pkt 5 cts.

Torenia, Fournieri—Lovely velvety-blue flowers, with three large spots of the darkest blue and a bright yellow throat; covered with bloom until frost. Pkt 5 cts.

Torenia, White Wings—Dainty and distinct flowers, ivory white, delicately tinted rose at throat. Pkt 5 cts.

Verbena, Fino Mixed—The seed, although so cheap, is really good, and embraces all colors. Pkt 3 cts.

Verbena, Hybrida Fino Mixed—From a superb collection of named varieties. Very large in flower and corymbs, and of the richest and most brilliant colors is one of the finest strains in cultivation. Pkt 5 cts.

Salvia, Coccinea Grandiflora Rosa—Very beautiful flowers of an orange-rose color; height three feet. Pkt 5 cts.

Schizanthus, or Butterfly or Christmas Orchid Flower—Elegant and very free blooming annuals of much interest and beauty, and when well grown rival in singularity of colors and markings of the orchids. The very large flowers are spotted with crimson lilac, purple and yellow, and the petals are cut in a picturesque manner. In pots in the conservatory or house few plants are more attractive; also elegant in a basket or vase and fine for bedding. Choice mixed. Pkt 5 cts.

Scabiosa, Tall German Mourning Bride—The perfectly double flowers are useful for cutting; attractive in mixed borders and for vases. Pkt 5 cts.

Scabiosa, Snow Ball—Elegant double white flowers, very chaste and charming for bouquets. Pkt 3 cts.

Scabiosa, New Double Black—A superb variety, with elegant black purple flowers—deep in color as to appear nearly black. Pkt 5 cts.

Scabiosa, New Large Flowering Double—New Round flowers, double. Color, white to pink, crimson to red; some almost black. Valuable for cutting. Pkt 5 cts.

Salvia, Splendens—Large Flowering Scarlet Sage. This "blended-colored beauty" is the most gorgeous of all plants. For months the blaze of flaming scarlet is intensely brilliant, with great spikes of bloom completely concealing the foliage. Pkt 8 cts.

New Salvia Splendens, Drooping Spikes—This new, large flowering Salvia ( Scarlet Sage) has three times the flowering capacity on each spike of the ordinary Salvia Splendens. The flowers are produced in great profusion, and are perfect in all respects. Pkt 5 cts.

New Mammoth Verbena, Famous Mixture—In this grand new strain has been developed a mammoth Verbena that produces uniformly magnificent large trusses, with flowers of unusual size and of a wide range of colors. The individual blossoms are frequently larger than a silver quarter—in fact, many are scarcely covered by a silver half-dollar. Take a silver quarter and try to cover any of the single flowers of the corymb illustrated herewith, and you will realize how magnificent in size are the single flower; as the illustration is natural size. The colors are varied, and embrace all desirable markings. Price, per pkt. 10 cts. three for 25 cts.

Verbena, Auricula-Flowered—Splendid flowers, of large size, bright colors, large white eye. Pkt 5 cts.

Verbena, Scarlet Defence—True, brightest scarlet, intensely rich. Pkt 5 cts.

Verbena, Pure White—Sea Foam or Candidissima. A fine strain of large flowers. Pkt 5 cts.

Verbena, Blue with White Eye—Large blue flowers, each with large white eye; very showy. Pkt 5 cts.

Verbena, Italian Striped—Very showy striped flowers, of many bright colors. Pkt 5 cts.

Vinca—Madagascar Periwinkle. Splendid house and bedding plants, growing 18 inches high, with glistening green leaves and beautiful circular flowers. From seed grown early in the garden these flowers can continue in bloom till Autumn, and may be potted for the house before frost; mixed colors. Pkt 5 cts.

Viola Odorata, Sweet Violet—The Popular Sweet Violet flowers, being early in Spring, and deliciously fragrant. They lie in the ground a long time before germinating. Several colors mixed. Pkt 5 cts.
WALLFLOWER

ZINNIA

Wistaria, Chinese, Mixed Colors—Of luxuriant growth bearing in the Spring immense panicles of purple or white flowers produced very profusely. pkt 10 cts.

Zinnia, Giant Mammoth—Of unusually robust habit of growth and immense size, the perfectly formed, very double flowers are of various colors. Blooming during a long period. pkt 5 cts.

Zinnia, Dwarf Snowball—Handsome, bushy plants, large, Dahlia-like flowers, perfectly double and of the purest snow white. pkt 5 cts.

Everlastings.

Mixed Everlastings—A single packet will give in abundance a great variety of the most attractive Everlastings flowers. pkt 3 cts.

Ornamental Grasses—3c per pkt.

Gynernium Argentum—Pampas Grass. Flowers the second season; requires protection.

Mixed Annual Varieties of Ornamental Grasses—All should at least have a packet of this mixture. It contains seeds of all the annual varieties in fine mixture.

Velvet Lawn Grass Mixture

Is a compound of grasses that ripen successively, thereby always presenting a cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun and remain in that condition until the cool months of Autumn revive them. The mixture that I offer is one of the best on the market, and can be relied upon to produce the very best results. Sow four bushels to the acre. Weight per bushel, fourteen pounds. Price per peck, 25 cents; price per peck, by express or freight, at purchaser’s expense, $1.00, bushel $3.00.

My Condensed List of Choice Vegetable Seeds

I believe it to be quite comprehensive, sufficiently so at least for all ordinary purposes. My Seeds are all new and fresh, this year’s crop, and I sincerely believe there are none superior sold.

### Notes
- The table includes a variety of vegetable and herb items along with their quantities and oz values.
- The entries are organized by category such as Early Frame, Carrots, Collards, and so on.
- Specific items listed include Improved White Plume, Golden Self-Blanching, Giant Pascal, Carrots, etc.
- Quantities range from 3-10 to 5-25 oz, with a few entries up to 10-35 oz.
- Some entries include additional notes such as Improved Chicago Pickle or Improved Long Orange.
Grand Bargains in Plants

SUCH AS

Geraniums, Chrysanthemums, Carnations, Begonias, Fuchsias, Etc

These are sold without PREMIUMS or DISCOUNTS of ANY KIND, as it will save much confusion and misunderstanding. 

Please Remember That My Seed Discounts or Premiums Do Not Apply to Plant Orders in Any Case

PLEASE NOTICE!

That I cannot accept any orders for plants for less than 25 cents, unless 10 cents be added to pay postage and packing. \* The cost of mailing one or two plants is nearly as great as for a half dozen. \* However, I will accept any amount for seeds, no matter how small.

MY GEM COLLECTION
OF 8 MAGNIFICENT HARDY EVERBLOOMING TEA ROSES FOR ONLY 25 CENTS.

For 25 cents I will send, post paid by mail, this charming “Gem” Collection of 8 Everblooming Tea Roses. Price for one year old plants 8 cents each, or 2 for 15 cents. Price for large two year old size, 20 cents each, or the entire “Gem” Collection of 8 Roses for $1.00.

Cornella Cook—Buds of immense size, borne up high on massive stems, and with their round, full, heavy form, carrying an air of grace and dignity quite unusual. The flowers are of the clearest, snowiest white and very beautiful.

General de Tottis—A first-class Rose for bedding. Brilliant carmine, deeply shaded with violet purple, extra large, very double, full and fragrant; very easy to manage, excellent for cutting for bouquets.

Madame Caroline Kuster—Bright lemon yellow; very large and handsomely shaped; one of the finest Roses; very free flowering. When its wood has once been hardened, it bears buds as large and handsome as Marechal Niel.

Madame Agatha Nabonnand—An exceedingly sweet and daintily beautiful Rose, resembling in its exquisite color the delicate tinting seen inside the fairest deep-sea shells—rosy flesh, bathed in golden amber. It has immense egg-shaped buds, broad, shell-like petals, and large, full flowers of beautiful form; free-flowering, and a great favorite for wearing.

Madame Bravy—One of the most beautiful Roses in my collection. The flowers are large and round; the outside of bud is creamy and soft, with a most charming blush tinge to the center, and the arrangement of the inner petals is seldom equalled for beauty. Delicious tea scent.

Louis Richard—A superb Rose imported from France. Extra large, splendid, full form; very double; delicious tea scent; color, rich coppery rose, changing to buff, shaded with carmine; center sometimes brilliant rosy crimson.

Jules Finger—A magnificent Rose, elegant and very valuable. It has extra large and fine double flowers, which are full and sweet. The color is a bright rosy scarlet, beautifully shaded with intense crimson; of vigorous growth and a free bloomer.

Souvenir d’un Ami—The color is a deep rosy flesh, beautifully shaded with rich carmine; edges and reverse of petals silver rose clear and bright. A Rose that will please the most exacting.

My “Christmas” Collection of 10 Very Valuable Everblooming Roses for 50 Cents.

Price, 10 Cents Each, 3 for 25 Cents. All New Kinds.

I have made a selection of the very best Roses for Winter Blooming, embracing a wide range of color.

I can recommend this Collection to all who desire to grow Roses in the house during Winter. In ordering, please say the “Christmas” Collection.

Bridesmaid, New—The most elegant pink Rose. Very large. Buds extra fine. One of the sweetest and very best for cutting for bouquets.

Beaute Inconstant—A wonderful new Rose, various colors, from crimson to light pink, with shades of tawny red, orange, chrome and deep rose.

Clotilde Souport—The best of all pot Roses, literally loaded with bloom at every stage of growth. Color, beautiful pinkish amber, flushed with silvery rose, with shades of salmon.

Champion of the World—It is the champion bloomer. It commences to bloom as soon as started to grow, and continues to bloom in the greatest profusion, both Winter and Summer. A rich, deep rosy-pink or flesh color.

Christine de Noe, New—This is a great Winter-blooming Rose, with buds and flowers of the largest size. Color, rich crimson. The best Rose of its color.

General Robert E. Lee—This Rose, which was introduced the past Spring, will produce more beautiful Roses in the Winter than any Rose grown. A small bush will produce hundreds of blooms. Color, orange yellow. Very rich and beautiful. Extra fine.

Isabella Sprunt—A bright canary yellow, large, beautiful buds, suitable for cut flowers; very sweet tea scent, profuse bloomer. Frock blooming of all Yellow Roses. Has been a favorite in all gardens where good Yellow Roses are grown for the past twenty years. None better.

Kaiserin Augusta Victoria—A new pure white Rose. It is very large and double. A royal Rose in every respect. A Rose I can recommend.

Papa Gontier—Grand Red Tea, fine crimson shade, silken texture (distinct from velvety texture); bed of fine size, graceful form; extremely free growth and bloom. Long, beautifully leaved stems can be cut, foliage being very dark and heavy. One of the best and a perfect bedding.

Star of Gold—This is the best all-around deep golden yellow Tea Rose that is grown. The buds are very large and shaped, while the flower is double to the center; it is a deeper golden yellow than Marechal Niel. Don’t fail to try it.

REMEMBER—I will send this entire Collection of 10 “Christmas” Blooming Roses for only 50 cents, costing separately over $1.00 if purchased elsewhere. Three “Christmas” Collections $1.25, by mail, postpaid.

Price, large two year old size, 25 Cents each, or the entire set of “Christmas” Roses for $1.25.
The Rambler Roses.

Seven Beautiful Varieties.

Helene, New Rambler Rose—Distinct new color, pretty, light rose red; foliage and growth like its parent, Climbing Meteor. Price 15 cents each, large two year old plants 40 cents each.

Yellow Rambler, Aglaia—Flowers borne in immense clusters, after some manner as Climbing Rambler; some handsome pyramidal form; clear decided yellow flowers. From 120 to 150 flowers in a cluster, very sweetly scented. Flowers last three to four weeks without fading, and all of the bush in full bloom is one of the most beautiful and magnificent sights imaginable. Growth is very vigorous. Price 10 cents each, fifteen plants for $1.00; large two year old plants 35 cents each.

Golden Rambler, Allister Stella Gray—Vigorous grower; blossoms profusely both early and late. Straw and orange yellow flowers, of small size, are borne in large, handsome clusters; big bush or climber. Price 10 cents each, large two year old plants 40 cents each.

Psyche, New Pink Rambler—Has all of the characteristics of Climbing Rambler, with the same large clusters of flowers; the same identical strong, clean growth, but it is the first true Pink Rambler and is bound to be, and justly so, as popular as Climbing Rambler, to which it is a beautiful clone. It is identical as its bush, and its flowers, with the exception of the petals suffused with yellow: the beauty of this combination is beyond description. We predict a career for this grand new Climbing Rose as notable as that of Climbing Rambler, of which we will venture to say that there is upwards of a half million plants sold in this country alone during the past year, which is, as you can imagine, prodigious for the sales of one solitary variety. Price for this grand novelty, 20 cents each, 3 for 50 cents; large two year old plants 50 cents each.

Pink Rambler, Euphrosyne—Identical with Climbing Rambler in growth, hardness and richness of bloom. Color, pure shiny rose; half open bud, brilliant light carmine. Price 10 cents each, large two year old plants 40 cents each.

White Rambler, Thalia—Habit of growth, manner of blooming and form of flowers identical with Climbing Rambler. Superb flowers, pure white in color, produced in splendid large clusters of same pyramidal form. Price 10 cents each, large two year old plants 35 cents each.

Crimson Rambler—Rapid growth; flowers produced in trusses, pyramidal in shape, good specimens measuring nine inches from base to tip and seven inches across, fairly covering plant from base to top; so that it is a mass of glowing crimson. Color is superb, remaining strong and vivid to the end; plants in my grounds retained bloom for two months. Profusion of bloom is marvelous. A correspondent stated that on one shoot he counted over 200 blooms. Essentially a garden rose, but makes a magnificent rose in pot; plants 10 cents each, 15 for $1.00; twelve year old size 50c.

SPECIAL OFFER—For 60 cents I will send the entire set of "Rambler Roses," postpaid; in two year old size for $2.00.

Price, for the following kinds, 5 cents each, except where noted. Large two year old plants, 25 cents each, except where noted.

Climbing Meteor, the New Rose—Might more properly be called Perpetual Blooming Climbing General Jacquemont. Though a sport from the finest of all Hybrid Teas—Meteor—it is much larger, of a deeper rich color. It will make ten to fifteen flowers in a season and show a profusion of flowers in bloom every day. Foliage, strong, healthy, luxuriant; buds exquisite; flowers large, beautifully shaped and of that rich, dark velvety crimson color seen only in the Jacquemont. I do not hesitate to pronounce it the finest Rose in existence for Summer blooming, as it will make a large growth and is loaded with glorious blossoms all the time. For Winter blooming it has few equals in beauty and probably none in profusion. It is just the Rose to train up in a conservatory or bay window. Price 10 cents each, three for 25 cents; two year old plants 50 cents each.

Empress of China, the New Perpetual Blooming Climbing Rose—Commences to flower early in Summer and from that time until late in the Fall blooms continuously. Entirely hardy, having withstood a temperature of 16 degrees below zero unprotected without injury. Habit of growth is vigorous, and in this respect it is unsurpassed; small plants will make a growth of six to eight feet in a single season. The flowers are of medium size, very graceful in form, and are highly fragrant. The bud is pointed, very shapely and is borne on long stiff stems. Color, a soft dark red, and as the flower expands it changes to an apple blossom pink. Price 10 cents each, large two year old plants 50 cents each.

The Mary Washington Climbing Pillar Rose—This Rose, which is so widely advertised, is chiefly by the introducer to have originated in the garden of George Washington, at Mt. Vernon, over one hundred years ago. It is an everblooming climbing Rose of vigorous, rapid growth, and makes a profusion of very fine buds, which are borne in clusters. The flowers are of medium size, perfectly double, very sweet, and are borne in endless numbers all Summer. Price 15 cents each, large two year old plants 35 cents each.

Waltham Queen—Splendid New Climbing Rose. Hardy in the North. Strong grower and continuous bloomer. Flowers large, full and sweet. Color, a rich, scarlet crimson; beautiful. A profuse bloomer. Nothing can compare with it for beauty of bud and foliage, and profusion of its blossoms. Price 15 cents each, large two year old plants 35 cents each.

Rosa Wichuriana—Japanese Creeping Rose—Hardy Memorial Rose—It is handsome for rockeries, rocks, or embankments; especially valuable for cemetery planting. It readily adapts itself to any condition. Has pendent single flowers and evergreen foliage. Its natural habitat is as creep like an Ivy, but it may be trained to climb. Price 10 cents each, six for 25 cents; one dozen for $1.00; large size 25 cents each, six for $2.00.

Price of other kinds, 5 cents each, except where noted. Large two year old plants, 25 cents each, except where noted.

Cloth of Gold, or Chromatella—Clear golden yellow; large, very full and double; highly fragrant.

Caroline Goodrich, or Running General Jacquemont—Finely formed, very double flowers. Fragrance is most delicious. This is a Hardy Climbing Tea, and should not be classed with the Hardy Climbers that bloom but once a year. The color is the rich reddish of General Jacquemont. Price 15 cents each, large two year old plants 30 cents each.

White Banksia—Pure white variety; extra large clusters of flowers with violet fragrance. Price 10 cents each.

Yellow Banksia—A rich golden yellow variety; extra large clusters of flowers with violet fragrance. Price 10 cents each.

Purple Banksia—Perfumed, rich purple variety. Price 10 cents each.

Brooke National—Lady Sargent and Sargent Climbing Rose ever grown; superb buds and flowers, extra large, very double and delicately perfumed; color, deep golden yellow. It is highly esteemed in this country, and is one of the handsomest and in the South a splendid climber. Price, first size, 10 cents each; large plants 25 cents each; extra large 50 cents each.

Roine Marie Henrietta, or Red Flowering Glorito de Dijon—Flowers large, full and of fine form. Color, a pure scarlet; sweetly fragrant. Price 10 cents each.

Lamarque—Large clusters, pure white and double.

Golden Chain, or Climbing Safrano (Reve d'Or)—Orange yellow or deep saffron; full and sweet.

James Sprunt—Deep velvety crimson; very double.

Solfatara—Grand climbing Rose. Color, a fine, clear sulphur yellow; large, full, double, deliciously fragrant.
15 Choice Named Roses for Only 50 Cts.

BY MAIL, POSTPAID.

THE "HOBSON" ROSE COLLECTION.

My Roses are grown on their own roots and will grow and bloom at once, either planted in the open ground or in pots. They are of hardy constitution and true ever-blooming varieties or fragrant monthlies.

EXAMINE THE LIST BELOW and see if you can duplicate them anywhere else for double the money I ask for them. Every variety is first-class and many of them new, and all produce beautiful flowers.

I can not make any change in this collection. Even if you should have several of the same varieties offered, you can easily sell them to your friends for more than double the price you have paid for them.

Archduke Charles—Rich, bright red; large, full and double; early and constant bloomer; very hardy, good.

August Halem—A constant and profuse bloomer, first introduced last year. Large, fragrant; theバンドs and flowers are of a clear rosy red, verging to deep, rich crimson.

Bridesmaid—A lovely new Tea Rose worthy of its name. Sport from the well-known CATHERINE MERMET. Pointed buds, long stems, lovely pink.

Bon Silene—Noted for the great size and beauty of its buds; bright, rich, rosy crimson; good for both open ground and house culture.

Directeur Rene Gerard—Remarkable for the size, fullness, brilliant color combinations of its blossoms. Color, light yellow, bordered with rose color, deepened at base of petals; large, full bloom. Very fragrant, free blooming, robust in growth.

Empress Augusta Victoria—A royal Rose, which should be found in every garden. It has magnificent buds, very double, perfectly formed, full flowers, and can be cut with long stems. The color is pure white, shaded in the center of the fully expanded flower, with pale lemon yellow. The habit of growth is strong and vigorous, bearing lovely flowers.

Madame Camille—Flowers and buds of grand size; rose flesh, shaded with salmon and garnet.

THE "HOBSON" ROSE COLLECTION of 15 Choice Named Roses in large two year old plants for $2.00, by mail, postpaid, or by express for $1.75, purchaser paying charges.

The Famous LaFrance Family of Everblooming Roses

Red, White, Striped, Pink, Crimson and Yellow, 6 Varieties for 50 Cents.

The La France Roses are certainly nearest perfection of flowers and nothing can compare with them in the eyes of the true Rose lover. A distinctive characteristic of the set is the true La France fragrance by which every one may be known.

White La France—It is identical with La France except the color. It is nearly white, sometimes tinted fawn. Price 10 cents each, large two year old plants 25 cents each.

Pink La France—Undoubtedly the most perfect type of a cut flower Rose; elegant foliage. No variety surpasses it in delicate color—silvery rose, shaded pink; large, keeps well, and of distinct, pervading fragrance. Price 10 cents each, large two year old plants 25 cents each.

Striped La France—Imagine a lovely Rose with the shape and fragrance of La France, of a rich creamy pink, with a silvery gloss, ground color of the latter at base of petals; whole beautifully etched and streaked with delicate crimson. Price 10 cents each, large two year old plants 25 cents each.

Red La France—Of a deep Rose pink hue. The flowers are produced in wonderful profusion upon long stems; are very large, double, and of superb form. Price 10 cents each, large two year old plants 25 cents each.

La France de 1889 (New Crimson Hybrid Tea Rose)—One notable peculiarity of this variety is its long, elegant buds; while expanded, they are of immense size. Color very nearly scarlet. The brightest and most brilliant Rose I know. Price 15 cents each, large two year old plants 30 cents each.

Yellow La France (New)—Mme. Pernet Ducher, A charming Rose and a new shade in this section, being the first with a distinct yellow coloring. Outside petals are sulphur yellow, and assume a deeper shade toward the center, with polka dots. Uttering such a color may be known. Price 15 cents each, large two year old plants 55 cents each.

Special Offer For 50 Cents I will send the set of 6 Hardy, Ever-Blooming La France Roses, or 3 sets for $1.25, or the set in large 2 year old plants for $1.50; 2 sets in 2 year old size for 62.50. In ordering say the "La France Set."
“Zero” Collection of 10 Hardy Garden Roses

FOR 60 CENTS.

They live out during the Winter in our Northern States without protection. They are noted for their magnificent form, rich colors and freedom of bloom.

Price, 10 cts. each, any three for 25 cts. Large two year old plants 20 cts. each.

“Zero” Collection in large two year old plants for $1.50.

Albâne d’Arnéville—A splendid new pure white Hybrid Perpetual; commences blooming almost as soon as plants are set and blooms all through the Summer until late in Fall. The flowers are white, sometimes with flowering tinged with pink; large, very double and full, and elegantly perfumed.

Coquette des Blanches—One of the finest white Hybrid Perpetuals. Flowers large, pure snow white; very double, full and fragrant. Constant and very profuse bloomer.

Countess of Roseberry—We have in this charming variety probably the most beautiful Rose grown. No other Hybrid can approach it in its exquisite coloring. Indeed, no one would take it for a Hybrid, as it is as delicate and beautiful in its tints as the most gorgeous of the Teas. Color, satin pink in the center, and deepens in the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors. Very free flowering and a strong grower.

Empress of India—One of the best garden roses. An imperial Rose in every way. One of the darkest. The flowers are large, full and fragrant, and of the most intense dark, rich, velvety crimson imaginable. They are so dark, in fact at a distance they look almost black. Very handsome and always greatly admired.

Glorie de Margottin—is decidedly the most brilliant hardy red Rose as yet introduced. So very intense is the color that it may be termed a shade of crimson. Added to these qualities it has flowers of the largest size and most exquisite fragrance.

John Hopper—Flowers are large, very regular and full. Color, a brilliant rose, changing to a bright glowing pink, shaded with rich scarlet. Very sweet.

Jubilee—Of all the many dark red Hybrid Perpetuals introduced in recent years, Jubilee stands pre-eminently prominent. It is a combination of qualities that make a perfect Rose; vigorous growth, perfectly formed flowers, great freedom of bloom, and crowning all a wealth of color unapproached by that of any other Rose. Clear, brilliant red, shading to crimson and maroon at base of petals. You will not be disappointed in this beautiful bloom. Price 15 cts. each, two year old plants 35 cts.

The Six Nearest Black Hardy Roses...

The set in One Year Old Plants, 50 cts., in Large Two Year Olds, $1.25, postpaid.

Antoine Quilon—Extra large flowers, very full and compact and regular form. Color, a rich violet crimson, elegantly tinged and shaded with maroon red; a free bloomer, and very profuse bloomer. Price 15 cts. each, large two year old plants 30 cts. each.

Baron de Bonstetten—Splendid, large flowers, very double and full. Color, a rich dark red, passing to a deep violet crimson; very heavy and strong. Price 15 cts. each, large two year old plants 30 cts. each.

Black Prince—A superb Hybrid Perpetual Rose; very double, rich red, richly shaded with violet crimson; extra large, full flowers; delightfully perfumed; good, bushy habit, a hardy and vigorous grower, and free bloomer. One of the very best dark Roses. Price 15 cts. each, large two year old plants 50 cts.

Prince Camille de Rohan—Very dark, rich, velvety crimson, passing to intense maroon, shaded black, large, full flowers, looking at a distance as if really black. One of the darkest roses; very handsome. Price 15 cts. each, large two year old plants 30 cts.

Souvenir de Duchere—A superb Rose. Extra large, compact flowers, very full, double and sweet. Color, a beautiful, brilliant scarlet, deepening to dark, glowing crimson; very bushy and handsome. Price 15 cts. each, large two year old plants 30 cts.

Famous” Set of Hardy Ever Blooming Roses

For 50 cts. I will send free, by mail, my “Famous” set of Hardy Ever Blooming Roses. For $1.25 I will send three sets. The “Famous” Set in large two year old, $1.25.

Ball of Snow, Boule de Neige—In this variety I have a hardy, ever blooming Rose of great value. It is a Rose of great size, perfect double, deliciously fragrant, pure white in color and entirely hardy. Invaluable for cemetery planting, or where the white flowers are desired as it blooms freely all year, every year. Price, 10 cts. each, large two year old plants 25 cts.

Champion of the World—A very hardy, ever blooming Rose, and one of the best. The introducer claims it is the champion in hardness, fragrance, vigor, form, color and Winter blooming. While I cannot endorse all the qualities of this Rose, I will state that its free flowering, very hardy, Rose, resembling very much Mrs. DeGraw. Color, a rich, deep, rosy pink, darker and richer than Hermosa. It is a very handsome grower. Price 15 cts. each, two year old plants 35 cts each.

Madame Masson—An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large; color, a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety and should be tried. Price 15 cts. each, two year old plants 35 cts.

Captain Christy, Now Hardy Rose—The flowers are of magnificent form, very double and stand erect in their maroon bearing. This is a delicate flesh pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color I grow. It is a free and continuous bloomer. Price, 15 cts. each, large two year old plants 35 cts. each.

Dinsmore—Very similar to Madame Charles Wood, but the blooms are larger, more double and more fragrant. It is a vigorous Rose of dwarfing habit and is fairly loaded down with flowers all Summer long. These flowers are double, very fragrant, a rich crimson color, with a rich, spicy fragrance. It is entirely hardy, blooms incessantly. 15 cts. each, two year old plants 35 cts.

Madame Alfred de Rougemont—A strong, vigorous grower; begins to bloom at once and continues until stopped by severe freezing. Pure snow white flowers, finely tinged and clouded with pale rosy blush. Large, full, double and borne in large clusters. Price 15 cts. each, two year old plants 35 cts.

Sow your own Seed in a cold frame in May; or plant in rich, deep, rich soil in a sunny location in late August or September.
“Favorite” List of Everblooming Roses

Price, young plants, 5 cents each; any 12 kinds of your choice for 50 cents, or 25 for $1.00. Large, two year old size, 15 cents, any 8 of your choice for $1.00; or I will send 10 two year old plants of my selection only for $1.00.

**Vice-Countess Marne**—A very pale rosy blush, pleasing shade.

**White Perle des Jardins**—A purely ivory white; superb.

**White Bon Silene**—Valued highly for its splendid buds.
NEW DOUBLE CRIMSON-FLowering GERANIUM, S. A. NUTT

Beautiful New Single Aureole Geranium, Md. Brent.

A magnificent variety for bedding. No other Geranium has ever attained so much attention or been so much admired as this beautiful new aureole flowered variety. It is entirely distinct from any Geranium in cultivation, so much so that visitors on passing through the greenhouses where hundreds of other varieties are in bloom, single it out at once as the most beautiful and attractive in the whole collection. It might with propriety be called the Panay Flowered Geranium, so distinct is it from the ordinary style. The plant is a vigorous grower, making nice compact plants, and very free flowering, producing fine, large trusses of bloom in great profusion. Individual flowers of large, fine shape; center of flower white, veined with carmine lance, the five petals regularly and distinctly bordered with bright siller. The arrangement of color is exquisite and entirely new in Geraniums. An excellent variety for pot culture, being a continuous bloomer Winter and Summer. Price, 10 cents each, 3 for 25 cents; or I will send 20 fine plants for $1.00, postpaid.

NEW DOUBLE GERANIUMS.

Price, 10 cents each, 3 for 25 cents. The Set of 18 Varieties for $1.00, postpaid.

Alpine Beauty—Double white. One of the finest.

Centaur—Color, the richest deep pink, shading near base of petals to light pink and creamy white.

Dr. Jacoby—Enormous trusses of clear salmon.

Ernest Kelway—Vivid scarlet, with grand trusses.

Fire Brand—Color, a dazzling flame scarlet, fine, prominent truss; flowers large and of great substance.

Genl. Millot—Intense and dazzling crimson scarlet.

Glorie de France—Large, round flowers of waxy appearance; color carmine and white with fine marbling center.

Josephine Gerbeau—Of immense size; color, cherry, shading to rose lilac; the flower marked with white.

Leonard Kelway—Glowing carmine, very bright.

L. Contabile—A beautiful bright rose color; extra fine.

La Favorite—This is without doubt one of the best double white Geraniums ever offered.

Mary Hill—The richest and purest deep pink flowers.

Montesquin—Exquisite pale mauve, with white eye.

Mrs. Gladstone—Grand color, pure white and shaded flesh pink towards the center; a beautiful combination.

Marvel—Rich crimson scarlet; large flowers and truss.

Professor Poirault—Beautiful brilliant violet.

Sir Trevor Lawrence—Rosy pink; beautiful foliage.

William Pfetzer—Beautiful bright apricot color.

BEST STANDARD DOUBLE GERANIUMS.

Price, 8 cents each, 4 for 25 cents. The Set of 10 Standard Double Varieties for 65 cents.

Asa Gray—Flowers are a salmon pink, mixed with white.

Emerson—Floral-colored flowers shaded pink and salmon.

Grand Chanceller—Flowers are very dark, soft red.

Gilded Gold—Deep, golden orange, of medium size.

Hoff Beach—A rich amaranth purple.

James Y. Murkland—Bright peach rose, margined white.

Mrs. Hayes—A beautiful light shade of pink or salmon color.

Mrs. Chas. Pease—Rich deep pink, marked with double.

Peach Blossom—White, shaded with a dark peach pink.

Richard Brent—Fine orange scarlet and very double.

Robert George—Deep crimson scarlet, and of great size.

White Swan—Fine double white.

NEW SINGLE GERANIUMS.

Price, 10 cents each, 3 for 25 cents. The Set of 18 Varieties for $1.00, postpaid.

Athlete, New—Its florets two inches across, of intense flower scarlet, has a large, distinct white eye.

Brilliant—A grand scarlet; very fine circular florets.

Granville—Foret perfectly round; a lovely bright pink. The flowers are of the largest size and form.

Gettysburg—Bright crimson maroon; beautiful.

J. H. Kelway—A most beautiful crimson maroon.

L. Swartling—the center of the floret is scarlet flame, shading out to salmon; floret large and truss immense.

Marguerite de Layres—A grand, single pure white.

Mrs. J. M. Gatz—Dwarf, compact habit; in freedom of bloom superior to all whites, equal to the best scarlets.

Madonna—Very soft shade of pale pink.

Pierre Mael, New—Color, violet lake or pure violet, upper petals particularly and delicately spotted and striped with white; extremely large.

Sam Sloan—Large, velvety crimson; immense trusses.

Sorbonne Crip—Beautiful pink, with large white eye.

Souvenir de Miranda—Large, round florets; lower petals salmon rose, streaked with pure white.

St. Peter—One of the largest; color bright, glowing salmon, bordered with white and veined salmon.

Scarlet Cloth—Splendid rich shade of scarlet.

Theo. Laval—Large flowers, freely produced; salmon changing to orange at base of petals; white eye.

Wedding Ring—Dazzling orange-scarlet, circular, and giving it the appearance of a beautiful ring.

Wm. A. Chalfant—Dazzling scarlet florets; cupped.

BEST STANDARD SINGLE GERANIUMS.

Price, 8 cents each, 4 for 25 cents. The Set of 12 Standard Single Varieties for 65 cents.

Apple Blossom—Pearly white, suffused with rose.

Brightness—A large, rich scarlet, veined white.

Dazzler—A fine, rich scarlet, with a large white eye.

Evening Star—White, with large rose colored center.

Favorite—A fresh and beautiful shade of light lilac.

Jealousy—Orange scarlet; a decided yellow hue.

K. Patterson—Deep, rich orange, overlaid with buff.

Mary Halleck Fote—A bright salmon rose; very large.

Ralph—A profuse bloomer; dark amaranthine purple.

White Perfection—Pure white, and profuse bloomer.

W. C. Bryan—White, with rose eye.

Wood Nymph—Bright, clear pink, with light markings.

Francis Perkins, New Double Pink.

This I consider the finest pink bedding Geranium to date for our climate, it is a decided improvement on that popular variety, Emile de Gerarde, being a much brighter, clearer color. The plant is a strong, vigorous grower and a prolific bloomer. Flowers are perfect in form and are borne well above the foliage on long foot stalks; color, a clear, bright pink. It shines the sun admirably and for massing there is nothing that equals it in its color. Price, 10 cents each, 3 for 25 cents. For $1.00 I will send 16 fine plants.

Giant Bedding Geranium, Brent.

Color of the flower is a light vermilion-red of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up; trusses exceptionally large and borne in immense spherical balls, often measuring 8 inches in diameter. It does fairly large, the open ground, and is perfectly suitable as a bedding Geranium of the highest merit. Price, 10 cents each, 3 for 25 cents; 20 fine plants for $1.00, postpaid.
My "Marvel" Set 10 New Double Geraniums for 60c

This Collection of Ten New Double Geraniums is certainly the finest lot and have the most beautiful flowers of any yet offered. They are prize winners wherever exhibited, and always attract attention. All distinct and choice new varieties. Every one is unsurpassed for pot plants or bedding purposes.

Price, 10 Cts. Each; 3 for 25 Cts.

Colossus—Double floret, quite circular; semi-double; two and one-half inches in diameter; true scarlet. The color is very beautiful, a rich shade of rosy crimson. Very free in bloom. One of the very largest and finest double reds.

Dr. Marest—Flowers of remarkably vivid carmine-scarlet, very large, perfectly double, and well massed; growth dwarf, yet robust and massive. Always in bloom and always singled out as the best and brightest bedding.

Eulalie—Double. Bright salmon, a beautiful, well formed flower, and a distinct advance upon any previous introductions in the pink class, both in bloom and habit.

Glorie de Bondeneau, New—Large, round florets, of waxy appearance; colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we know. This is the most beautiful of the parti-colored Geraniums, which appear so bewitching.

Mad. Barney—An excellent bedding variety. Plant a robust, free grower and constant bloomer; fine, large, full double flowers in large, well shaped trusses on stout stalks. Color, bright, clear rose; very effective as a pot plant.

Marvel—Rich, bright crimson; one of the best dark colored bedding varieties. The plant is compact and low growing in form, making excellent plants for massing; very free flowering, always attractive.

Marquis de Galard—Double. Trusses of immense size, semi-double, color, a rosy cerise, shading to orange. Stems very stiff and long. Color, very beautiful and quite new, catching the eye at a glance. A perpetual bloomer.

Madame Ayme Chevraliere—The best double white. In our trials I noticed all through the Summer this superb new variety produced more flowers than any other white variety, and trusses and florets were larger.

Mine, Chas. Delachaux—Double. Extremely free flowering with enormous trusses, composed of large, round flowers. Color, bright rose, shading to light pink. A grand variety of the most pleasing color.

Rosebud—Entirely unique and a beautiful, dwarf, bushy pot plant. The full, round trusses of brightest scarlet are composed of exquisite, double florets that remain half curled like rosebuds.

Golden Bronze, Silver Leaf, and Tri-Colored Geraniums.

Arbutus, New—Fine, large salmon-pink flowers; profuse bloomer; foliage like Crystal Palace Gem. Price, 10 cents each.

Bronze Bedder—Foliage yellow, with a narrow zone of deep chocolate, and simply grand. Price, 10 cents each.

Crystal Palace Gem—Broad, golden yellow margin, with a central disk of green; dwarf. Price, 8 cents each.

Mountains of Snow, Silver-Leaved—One of the best; the center of the leaf is bright green; the outer margin broadly overlaid with silvery white; flowers bright scarlet. Price, 10 cents each.

Mrs. Pollock, Golden Tricolor—The finest of all; holds its colors during the heat of the Summer. Distinct markings, having a broad golden belt overlaid with a bright carmine-red zone, blending beautifully with the gold and bronze. Price, 15 cents each.

Sweet-Scented Geraniums.

Apple-Scented—Apple fragrance. Price, 10 cents.

Balm-Scented—Delicious balm fragrance.

Lemon-Scented—Delightful lemon odor.

Nutmeg-Scented—Small leaves, nutmeg perfume.

Oak-Leaved—Beautiful foliage, resembling oak leaves; black center, with green border.

Rose-Scented—Two kinds, broad leaf and cut leaf; this is the most popular of all scented Geraniums.

Skeleton-Leaved—Leaves very finely cut; rosy fragrance.

Handsome Ivy-Leaved Geraniums.

A splendid class of climbing or trailing Geraniums, unsurpassed for hanging baskets, vases, (especially those in cemeteries,) rock-work and training on trellises; perpetually in bloom. Price, 10 cents each, three for 25 cents.

Camille Flammarion—A beautiful variety; flowers are large, fully cup-shaped, and a deep rose color.

Comtesse Horace de Choiseul—Vigorous, zoned, double and imbricated; color, a bright golden salmon.

Etiencelant, Novelty—The truss is of enormous size, composed of large, semi-double florets with large petals. A glorious shade of velvety red. It is extremely vigorous in growth and a very free bloomer. Price, 15 cents each, or two for 25 cents.

Giroflé—Beautiful wine color, shaded amaranth.

Galilee—Rich, deep pink; extra large flowers.

Incomparable—Florets immense and regular form; quite full; color, an extra shade of rosy carmine.

Joan of Arc—The flowers are perfectly double, white as snow, and literally cover the plant when it is in full bloom.

La Bosiere—Color, delicate pink shade.

P. Crozy—The flowers are brilliant scarlet, borne in the greatest profusion, the trusses measuring six inches.

Souv. de Charles Turner—Color, light scarlet with a soft rose tint, the two upper petals being veined with crimson.

Pelargoniums, Lady Washington, or Pansy-Flowered Geraniums.

The flowers have deep blotches on the upper petals and bright spots on the lower ones. When in bloom they are very beautiful and ornamental. Although their time of blooming is short, their beauty while in flower makes them very desirable. I have a number of the newest and most beautiful varieties of Pelargoniums. Price, 25 cents each; or I will send 6 fine varieties of my selection, postpaid, for $1.00.
"MORNING GLORY" SET OF NEW CARNATIONS.

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

America—Largest and most perfect shaped Carnation produced thus far, producing immense quantities.

Argyle—Color, lovely shade of carmine pink, or rather, pure cerise; flowers large; on long stems; healthy and free from rust; perfectly continuous, and when cut, will last for years.

Evelina—Pure white, large size, good form and substance; extraordinary strong calyx, fragrant, borne on long stiff stems that always carry blooms erect; free and continuous bloomer.

Ethel Crocker—Strong, clean grower, with every shoot a flower producer. Blooms continuously with immense bright pink flowers of a clove-like fragrance.

Gold Nugget—Undoubtedly the best yellow variety ever introduced. Color, deep yellow, very slightly marked with red. Strong grower and continuous bloomer.

General Maceo—Flowers large, very full, deeply fringed; deep-brilliant, scarlet maroon, fully as rich and striking as Ne- tor. Price, 15 cents each.

G. H. Crane—Best scarlet, wonderfully productive; early, continuous, all season bloomer, averaging three inch blooms; well formed flower and petals, long stems, stiff and erect; color, a clear, brilliant scarlet, of strong, robust, clean growth, making well formed, bushy plants.

J. Whitecomb Riley—Without doubt the finest and most striking of all. Color, white, striped and edged with pinkish scarlet; flowers are enormous, on strong, erect stems.

Maud Adams—Deep, clear cerise, of very pleasing shade under any light. Most attractive color and handsome flower.

Mayor Pingree—Color, clear lemon yellow, lightly marked with pink and occasionally splashed with white. Very strong, robust grower, continuous bloomer.

Morning Glory—A variety which will take the place of Daybreak. Slightly darker but brighter in color; habit much more desirable than Daybreak and giving more flowers throughout the season. Price, 15 cents each.

Mrs. Geo. M. Bradt—Color, clear white, heavily edged and striped with bright scarlet; flowers enormous and full. Habit strong and vigorous; a constant bloomer from early to late and is considered the most striking Carnation of recent introduction.

Mrs. Thomas W. Lawson, the Famous $30,000 Carnation—This famous Carnation was bought two years ago for $3,000, the highest price ever paid for a flower of any kind. Flowers are the largest, deepest, best formed. Stems are the longest and strongest. Color, purest rose pink, which illuminates splendidly under artificial light. Price, 20 cents each, three for 50 cents.

Olympia—The largest of the variegated Carnations. Color is a beautiful glossy white with delicate pencillings of clear scarlet, not showing too much red. Delightfully fragrant.

Queen Louise, New—A free and continuous bloomer and not a cropper. Comes into flower before any other and continues through the entire season, in fact, blooming all the time; flower large and pure white, with stiff stems. Price, 15 cents.

White Cloud—Remarkable new white, blooms very early, on strong, stiff stems and continuous; flowers large, of fine shape and very fragrant.

SPECIAL OFFER—I will send the Set of 16 New Carnations for only $1.00.

"TRIUMPH" SET OF STANDARD FLOWERING CARNATIONS.

Price, 8 cents each, 2 for 15 cents; any 4 for 25 cents.

SPECIAL OFFER—The Entire Set of 16 for 75 Cts., Postpaid.

Armazindy—A pure white, lightly penciled scarlet.

Bon Ton—Bright scarlet, large and deeply fringed.

Daybreak—Very large double flowers. Color, delicate shade of brightest rosy pink.

Flora Hill—Grand new white, looks like cut satin.

Gold Finch—Golden yellow, pencilled with carmine.

Helen Keller—Large and beautiful. Color, clear white ground, delicately marked with bright scarlet.

Jubilee—Color, intense scarlet of the richest shade.

Jack Frost—Largest white Carnation in cultivation.

Kittie Clover—A very brilliant new striped yellow.

Lizzie McGowan—Pure white, petals lightly fringed.

Meteor—Deep brilliant crimson maroon; large size.

Painted Lady—Color, brilliant cherry pink.

Portia—Brilliant scarlet flowers; very fragrant.

Triumph—Does not rust and never bursts its calyx. Has a calyx of red color and is a constant keeper after being cut. Color, a splendid pure pink; very beautiful.

Thomas Cartledge—A pure, deep pink; large size.

William Scott—Is an exquisite and lovely shade of pink.

HARDY SCOTCH OR SWEET MAY PINKS.

Brunette—Color, dark velvety, almost black.

Esther—Splendid white, bordered with maroon.

Juliette—Cherry red, variegated pink and white.

Laura Wilmer—Velvety maroon, bordered white.

Snow—Large, pure white; exquisite clove fragrance.

Her Majesty—Flowers a lovely clear white, very double, on long, stiff stems; clove-scented; rivaling the finest Carnations. Price, 10 cents.

Price of the following, 8 cents each.

Alba Fimbriata—Pure white, beautifully fimbriated.

SPECIAL OFFER—The Entire Set of 7 Hardy Pinks for 40 Cents, Postpaid.
BEGONIAS, FLOWERING VARIETIES.

**Argentea Guttata**—Leaves oblong in shape, of a purplish bronze color, white markings; white flowers. One of the handsomest varieties.

**Alba Picta Rosea**—This is the seedling of Alba Picta crossed with Rubra. Foliage rich green, spotted with white, flowers on long, pendant stems similar to Rubra, very free flowering, very fine. **Price, 10 cents each.**

**Alba Perfecta**—Identical with Rubra, except flowers are white. **Price, 10 cents each.**

**Alba Picta**—Long, pointed, slender leaves, thickly spotted with silvery white. Foliage small and elegant.

**Bertha Chateau**—Bright green leaves; flower currant red.

**Dewdrop**—It will grow and thrive anywhere, and requires no more care than a Geranium. Color, pure white.

**Erfordia**, or **Pink Dewdrop**—New. One of the most prolific bloomers. Continually covered with clusters of delicate rosy salmon flowers. Excellent for outdoor bedding, growing and blooming in our hot sun equal to the best Geraniums. A mass of bloom the whole season. Lifted and rooted before the frost, will bloom all winter. **Price, 10 cents each, three for 25 cents.**

**Fuchsia Cocinea**—Flowers a bright scarlet color.

**Foliosa**—A handsome basket plant. Foliage small; bloom white.

**Flambeau**, New—Exceedingly free flowering, commencing bloom when very small and flowers continually. Color, deep rosy pink, changing to delicate light pink. A valuable bedding variety, flowering fully as freely when planted in the open ground as when grown in pots in the house. **Price, 15 cents each.**

**Hybrida Multiflora**—Very free; beautiful pink flowers.

**Metallica**—Elegant. Glossy leaves, shaded with green, crimson and olive, with a peculiar luster over all; large, dark pink flowers. **Price, 10 cents each.**

**McBethii**—Foliage fern-like. Panicles of pure white flowers.

**Margueritae**—Similar to Metallica; leaves brown green; light rose-colored flowers.

**Mrs. C. A. Townsend, a New Ornamental Begonia**—This new Begonia originated with one of my customers and is listed one of the most beautiful flowers. I have had the pleasure to offer my customers. It belongs to the Recinfolia family. The leaves are of the Rex nature, rather irregular, of a charming, lustrous metallic green color, the under surface deep crimson at the ribs, shading out to carmine. An unusually profuse bloomer, flower of a delicate light pink, borne on long footstalks. 15 cents each, two for 25 cents.

**M. de Lesseps, New**—A decided improvement on Argentea Guttata, the leaf being four times the size seen in that variety, while the silky texture of the foliage, the under surface deep crimson at the ribs, shading out to carmine. An unusually profuse bloomer, flower of a delicate light pink, borne on long footstalks. 15 cents each, two for 25 cents.

**Nitida Alba**—Similar in every respect to Nitida Rosa, but with white flowers. **Price, 10 cents.**

**Otto Hacker, New**—The plant is a strong, vigorous grower, of stiff, upright habit, with large magnificent shining deep green leaves, eight to ten inches long. The flowers are borne in immense pendant clusters eight to ten inches across, twelve to twenty-five large flowers in a cluster. Color, a beautiful bright coral red. **Price, 15 cents each.**

**President Carnot, New**—In style of Rubra, but more than twice as large; upper side deep green, under side purplish red; flowers beautiful coral red in large pendant clusters. **Price, 10 cents.**

**Purity**—The finest pure white Begonia grown. Its marvellous ability to bloom profusely and make growth even without the aid of the finest pot plants. **Price, 10 cents.**

**Robustta**—Large, stems and under side of the leaf are Indian red, the upper side of the leaf glosy olive green. The flowers are of a beautiful bright rose color.

**Rubra**—Strong growing; heavy waxen leaves; coral colored flowers in panicles as large as your hand. **Price, 10 cents.**

**Sandersonii—Coral Begonia.** The flowers are of a scarlet shade of crimson, borne in profusion. Leaves slightly edged with scarlet. **Price, 10 cents.**

**Thurstonii**—Bright red foliage, and veiings underneath the leaves are bright metallic green, shading to red in the younger growth on top. The flowers are of a beautiful deep pink; a charming variety. **Price, 10 cents.**

**Varnon**—Excellent as a bedding sort, flowering throughout the whole season until stopped by frost. Foliage rich glossy green, often shaded deep bronze. Flowers at first opening are deep red, changing to a beautiful clear rose in the fully open flower. **Price 10 cents each.**

**Beautiful New Everblooming Begonia, Vesuve.**

A very strong growing variety, the plant being completely covered with large clusters of bright coral red blooms; very effective variety for bedding purposes where a tall grower is desired, as it produces the effect of a mass of coral red: a fine plant. One of the best. 10c, 3 for 25c.

**Washingtonii**—Strong, robust grower, with large deep green foliage; flowers in immense panicles of pure white tinged with pink. **Price 10 cents each.**

**Wettsteinii**—A beautiful upright growing sort, flower bright coral red in pendant panicles; very free flowering. 10 cents.

**Washingtoniana Rosa**—A splendid novelty, dark green foliage covered with felt-like substance, large canicles of deep rose flowers, very free Winter-bloomer. 15 cents each.

**Zebrina. “Zebra Begonia”**—Beautiful thick, feathery green leaves, with lighter markings running across the leaves, making a distinct and lovely plant. **Price 10 cents.**

**BEGONIA REX, THE KING OF BEGONIAS.**

Give them a soil composed of rich loam, woods earth and sand. Require a warm, moist atmosphere and a shady situation, suitable to warm cases. Do not allow the sun to strike the leaves while wet, and do not overwater. I have the leading and distinct kinds. **Price 15 cents each, four for 50 cents, ten for $1.00.** See cut at left.

**TUBEROUS ROOTED FLOWERING BEGONIAS.**

Bloom continually throughout Spring and Summer; unrivalled in color the most brilliant and dazzling Geranium flowers. Never out of bloom. Broncs in such profusion that the rich green foliage is almost hidden under the load of blossoms. For bedding plants outdoors, or for pot culture in the house they cannot fail to give satisfaction. Fine bulbs in the follow-

**Crimson. Scarlet.**

To color—10 cents each, 6 bulbs for 50 cents, or 15 bulbs for $1.00 postpaid. **See cut at right.**
ABUTILONS
Or Flowering Maples.
Price, 8 cents each, except where noted.

Eclipse—Excellent plant for basket or vase; trailing habit, large foliage; beautifully marked with deep green and yellow; flowers bright yellow with crimson throat.

Golden Bells—Bright, golden yellow; Abutilon; strong, bushy habit; very free flowering.

Infanta Eulalia—New and beautiful. Excellent variety for pot culture. The growth is short-stemmed and compact, making neat and bushy plants. Flowers very large, much more cup-shaped than most of the Abutilons. Color, indicate satiny pink. Remarkably free bloomer both in Summer and Winter.

Price, 10 cents each.

Pink Perfection—Flowers a beautiful deep pink.

Rose Queen—A beautiful, deep, rose colored flower; perpetual bloomer. The plant is dwarif and compact in growth, making a blue specimen pot plant.

Robert George—Flowers broad, large and overlapping, incurred petals; color, orange, veined with crimson.

Royal Scarlet—Needs no other description than its name, which was aptly given. Very free and of excellent habit. Color, a beautiful scarlet. Price, 10 cents each.

Splendens—Dwarf, compact habit; flowers deep red.

Snow Storm—Beautiful, pure white flowers; growth dwarf. Price, 10 cts each.

Souv. de Bonne—It is a very strong grower. The leaves, a beautiful green, are regularly banded with white; flower very large and a bright orange color.

Price, 10 cents each.

Savitz, New Variegated Abutilon—This is one of the most beautiful variegated foliage plants for house or outdoors, the variegation being pure white, the white predominating, and in some cases a great many leaves are almost entirely white. Is of dwarf, compact growth, thrives well outdoors, retaining its variegation in the sun. It is most admirably adapted as a border for Cannas, Geraniums and other trailing growing kinds. I have found it most satisfactory and can recommend it to everybody, as it is an ornamental to the smallest garden and yet is the largest. Price, 15 cts each, two for 25 cents.

Thompsonii Plena—Variety with perfect double flowers; color, rich, deep orange, shaded and streaked with crimson. foliage variegated with yellow.

NEW DOUBLE PINK HIBISCUS, PEACHBLOW

CAMELLLIA JAPONICA.
The Camellia is considered the queen flower of the South. During the month of May immense trees can be seen in full bloom, making one of the most gorgeous sights to behold. Their dark, shiny leaves contrast beautifully with the waxy-like blooms, which come in white, pink, rose, carminus and variegated shades. No garden is complete without them; are quite hardy in the Southern states and require no protection or care. They are called the Royal Family of greenhouse plants. Leaves glossy and flowers of the most exquisite beauty an endless variation of colors. To offer splendid plants, bushy, well grown specimens, all in splendid health; best varieties ex- tant pick of a Continental collection. Fine, large plants, 75 cents each; two for $1.25.

NEW DOUBLE FRINGED PETUNIAS.

THE FINEST BEDDING PLANTS for massing, mixed borders or for vases. They are of the easiest culture, growing in any soil that will maintain plant life, and blooming in wonderful profusion. The brilliancy and variety of its colors, combined with the duration of its blooming period, renders it invaluable for garden decoration. I have twelve of the finest varieties.

Price, 10 cents each, three for 25 cents.

GORGEOUS HIBISCUS

Price, 8c, each for 1lrv. old plants, except where noted; 4 for 25c.

Auranticus—Large, double, orange-colored flowers.

Cooperii Tricolor—Foliage beautiful; variegated with yellow, pink, and white; flowers crimson. This beautiful tricolored plant is one of rare magnificence and is unequalled by any other plant in brilliancy of foliage.

Carminatus Perfectus—Full round flowers, of perfect shape, and rich, soft, carmine rose with deep crimson eye.

Price, 10 cents each.

Colleri—Buff yellow, crimson scarlet—bushy, handsome and double.

Decoratus—Foliage very large and lobed; enormous single flowers of rosy crimson; stamens and pistils very showy.

General de Courtigné—A very grand, large sized flower; single; light scarlet, very showy.

Grandiflora—Rich, glossy green foliage; blooming continuously, literally covering plant with crimson scarlet single; Price, 8c.

Miniatiss—Semidouble flowers of a bright vermilion scarlet; petals waved and recurved; very handsome.

Magnificus—Very large flower; color a deep magenta; ends of petals touched with brown, foliage finely touched.

Pink Hibiscus, "Peachblow"—One of the finest free flowering plant novelties offered in recent years. Petals are double, free from flower, five inches in diameter; charming, rich, clear pink color; small, deep crimson center; entirely new and most beautiful shade; blooms abundantly and continuously during entire Summer and Fall months. Will give great satisfaction to all who grow it, either in pots or planted in the garden. I offer two sizes. Price, strong young plants, 10 cents each; three for 25 cents; large size 25 cents each. This size will make gorgeous plants at once.

Rubra—Fine, double variety, with large, red flowers.

Sosa Simensis—Flowers red, very large, nearly five inches in diameter; double. Price, 10 cents each.

Schizopetalus—Petals deeply incised; fringed; drooping blooms with reflexed orange red and lacinated petals render this plant not only a curious but highly ornamental. Price, 10 cents.

Sub-Violaceus—Flowers of enor- mous size, beautiful rose, tinted violet; probably the largest flower of the Hibiscus family.

Versicolor—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white.

Zoeleus—Double; outer petals scarlet, edged with yellow; inner petals very regular and curiously variegated with creamy yellow scarlet. Price, 10 cts.

SPECIAL OFFER—For 50 cents I will send 10 fine varieties of "Hibiscus," my selection only.

ACHANIA MALAVISCUS.

From the time it is 3 or 4 inches high it blooms, maturing little what the season; shows best in Winter. Always carry; blooms from March to December, flowers are scarce. Brilliant scarlet flowers, upright, peculiarly formed, carried on extreme end of branches. 8 cents each.
GRAND NEW FLOWERING FUCHSIAS.

**Contrast**—Has beautiful flowers of oval form, very large double corolla, center petals rich violet lightened with azure blue, exterior petals bright scarlet, making a distinct contrast in coloring that is very attractive and not found in any other Fuchsia. Sepals elevated, of a dark red color; plant exceptionally fine, compact growth; very early and free bloomer, probably earliest of all double Fuchsias. Price, 15 cts each, two for 25 cts.

**Glorie des Marches**—A strong growing variety of fine upright branching habit; very abundant in bloom; corolla is a pure white; sepals bright red. One of the finest of the double white. 10 cts each.

**Giant Phenomenal**—The king of them all. Phenomenal is the largest Fuchsia in cultivation. The plant is a strong grower, branching bush; the leaves are dark; glossy green, with veins of dark crimson, giving the foliage a rich, ornamental appearance. The flowers are of enormous size, a single flower measuring three and a half inches across; sepals bright scarlet, with rich violet-blue corolla, very double. Price, 15 cts each.

**Marenga**—New. This variety is without a doubt the most most desirable sort for hanging baskets. It is of neat compact growth, not coarse, and very symmetrical. The habit is vigorous, with large healthy leaves. Corolla, dark amaranth red; single; sepals carmine. Price, 15 cts each.

FLOWERING FUCHSIAS, Price, 8 Cents Each, Except Where Noted.

**DOUBLE COROLLA VARIETIES.**

**Avalanche**—Rich golden foliage, large purple flowers.

**Abble Garnier**—Sepals red, corolla short, violet-blue, and marked with bright rose blotches, extra fine. Price, 10 cts.

**Dolly Vardon**—Flowers globular, dark red tube and sepals with rich dark blue corolla, one of the finest sorts.

**Edmund About**—Very large, bluish white, fine.

**Elm City**—Sepals a rich crimson, corolla a deep purple, double, very free flowering. Extra fine.

**Jupiter**—Is a sport from Phenomenal and is similar to it in every respect, except in the coloring of the corolla, a beautiful shade of light magenta, dark crimson veins.

**Mammoth**—Beautiful double white corolla, tube and sepals scarlet. Fine for house culture.

**Mrs. E. G. Hill**—This is undoubtedly the most beautiful white Fuchsia ever raised. The tube and sepals are a bright red, reddish crimson color. Corolla extra large, full and double. Flowers of the largest size.

**Monstrosa Superba**—Very large, double flowers, covering the entire plant. Pure white corolla, beautifully reflexed, brilliant scarlet red sepals.

**Purple Prince**—Tube and sepals a waxy carmine scarlet. Corolla rich velvety purple.

**Rosie Carnation**—Beautiful double white corolla, deep crimson sepals.

**Price, 10 cts. each.**

**Pros. Gin,**—Lilac-blue colored corolla, red sepal.

**Rosan’s Patric**—Very free bloomer and quite early. Tube and sepal rosy carmine. Corolla pure white.

**Storm King**—Sepals white, veined with carmine red. Tube and sepals carmine red.

**Snow Fairy**—This variety stands first among all double flowers, perfect for profuseness of bloom, carliness, dwarf, compact growth.

SPECIAL OFFER—I will send Ten Fine Sorts of Flowering Fuchsias for 50 cents, my selection only, other Double or Single, or half each of the Double and Single varieties.

**SINGLE COROLLA VARIETIES.**

**Arabella**—Tube and sepals white, corolla rose color.

**Black Prince**—Single flowering sort, red sepals and light crimson corolla, one mass of buds and bloom all year. One of the most satisfactory of all Choice sorts.

**Benjamin Pearson**—Tube and sepals rosy red. Single corolla, crimson and purple, freely produced.

**Carl Halt**—Corolla crimson, striped white, distinct.

**Cantax**—Corolla crimson, rich crimson, the most beautiful of the white.

**Duke of Albany**—Purple, drooping flowers, very fine.

**Earl of Beaconsfield**—Deep orange corolla, extra large flowers.

**Ficcon de Neige**—Single, tube and sepals soft coral scarlet. Corolla large, perfect and perfect. One of the finest of this type.

**Lottie**—Tube cream, sepals rose, carmine corolla.

**Lustre**—Tube and sepals white, vivid crimson color.

**MonstreulThibaut**—A splendid variety, with large, handsome foliage of delightful green tint. Fuchsias of unusual size. Sepals dark red, corolla bright crimson, tube and petals tinted violet.

**Minnesota**—New. Corolla deep rose, tube and sepals white. Price, 10 cts.

**Oriflamme**—Prue-colored corolla, crimson sepal.

**Riffard**—This is a new variety imported from France. It proves to stand the sun, as I had it blooming in open ground all summer. Every inch, the corolla is crimson, sepals scarlet.

**Price, 15 cts each.**

**Speciosa**—Corolla orange scarlet, sepals white.

**Wild of Life**—Beautiful foliage of bronze yellow, flowers violet and crimson.

**SPECIAL OFFER—For 75 cents I will send the set of Grand New Fuchsias, postpaid.**

HYDRANGEAS

**Japanese Hardy Hydrangea, Paniculata Grandiflora**—A new, very striking and elegant hardy flowering shrub, suitable for lawns. Recently introduced from Japan. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses more than a foot long and nearly as much in diameter. It blooms from July to September, and continues a blooming ear two or three months. The plant is of bushy and compact growth, attains a height of three to four feet, and is suitable for either a bed or a border. Needs no protection of any kind. Price, young plants, 15 cts, each, extra strong two year old plants, for immediate effect, 35 cts.

**Hortensia**—Growth is strong and upright, forming excellent specimen plants. flowers pink; immensely strong. Price, 10 cts. each.

**Otaksa**—A splendid variety from Japan. Flowers large, bright pink and white, tinted with blue; produced very freely. Price 10 cts.

**Sapphire**—(The Blue Hydrangea.) A strong stocky grower; beautiful porcelain color. Price 15 cts.

**Thomas Hodg**—The immense trusses of flowers are first slightly tinged green, becoming purest white and remaining so a long time. Price 10 cts.

**Monstrusa Grandiflora**—One of the most beautiful plants I have, the grandest and most beautiful of Hydrangeas. Clusters of bloom are simply enormous; of a beautiful and most intense rose color, shaded white. Growth robust and compact, with marvelous freedom in production of bloom; bloom 15 inches in diameter. Price, 10 cts a piece.
Fragrant Flowering Heliotropes.

Price, 5 Cents Each, Except Where Noted.

Albert Delaux—(Purple and Gold.) The foliage is a bright golden yellow, very pronounced, and marked slightly with a delicate green. In bloom it is exquisitely beautiful, deep lavender, colored flowers contrasting admirably with the ever-varying foliage; very fine flowering, trusses large. Price, 10 cents each.

Chioftain—Rich shade of violet; highly fragrant.

Chameloon—Bright blue, passing to pale lavender.

Comtesse de Mortmart—Fine flowering, sweet; dark velvety blue, white eye; good for massing. Price, 10 cents each.

Dark Bouquet—An unusually rich, dark purple.

Fleur d' Ete—Splendid new sort, having panicles of bloom of the largest size, the individual flowers being a wide trumpet shape; beautiful shade of blue, shading to white at the center. They are very fragrant.

Juliette—Very dark purple. A grand bedding variety.

Mine. Ad. Dubouche—Trusses enormous, mossy looking; color, velvety-violet. One of the most beautiful Heliotropes ever introduced. Odor exquisite. Price, 10 cents each.

Md. Rene Andre, New—A very rich dark shade of violet, with very large trusses and extremely sweet. Price, 10 cents each.

Miss Lizzie Cook, New—Deepest and richest violet purple color; large white eye, very fragrant. Price, 15 cents each, two for 23 cents.

Queen of the Violets—For a neat, dwarf habit, profusion of bloom and richness of odor, this Heliotrope has no equal, and its vivid color rich violet blue with a distinct white center, gives us something entirely new in color, either for Summer decoration or Winter flowering. Price, 10 cents each.

Snow Wreath—Superb large flowers of deliciously fragrant flowers of pure white. Price, 10 cents each.

NEW GIANT FLOWERED HELIOTROPES.

Czar—A very dwarf growing variety with black stems and enormous panicles of dark violet bloom. Very rich in color and of the Giant type. Price, 10 cents each.

Czarina—A very fine companion for the above. A little taller grower; deep indigo blue with white eye; enormous trusses of the "Giant type." Price, 10 cents each.

L Cid—Semidwarf and very robust; panicles very large and the florets of the very largest size yet obtained. Mauve passing to lilac and tender rose, with clear white eye. A very beautiful and lovely variety. Price, 15 cents each.

Le Poitevine—Enormous florets compose the very large truss of bloom; color, mauve, violet and azure with shadings of rose. A robust, semi-dwarf grower, very free and continuous in bloom. Price, 10 cents each.

Md. Brouant—A fine companion for the above; a little taller grower. Color, lilac, with white eye; enormous trusses of the "Giant type." Price, 10 cents each.

Piccolia—Rosy violet with white center. A giant variety, also very free and of beautiful habit. Price, 10 cents each.

Prince Charmant, Novelty—Handsome foliage with extremely free blossoming qualities. Color, a lovely tint of bluish mauve. The panicles of bloom are of enormous size. 10c each.

Sweet-Scented Jasmimnes.

Cape Jasmine—Well known for its delicious fragrance, beauty of flower; white and double. Price, 15 cents each; large plants 50c.

Confederate Jasmine, Rhyncospernum Jasminoides—Elagant hard-wooded climber, or can be trained in bush form. It bears large bunches of pure white flowers, with the most delicious perfume. It is known in the South, where it is hardy, as the Confederate Jasmine. Price, 15 cents each; large plants 40 cents each.

Grand Duke of Tuscany—Very easily grown, even small plants bearing a profusion of very double, creamy white flowers; a magnificent plant; a valuable and popular pot plant. It can be stored in a dry cellar in Winter. Price, strong plants, 20 and 30 cents each.

Grandiflorum—Exceedingly floriferous, flowering from every joint, which terminates in a dense cluster of pure white, fragrant flowers. Price, 5 cents each; large plants 20 cents.

Catalonian Jasmine—Flowers pure white, star-shaped; exquisite fragrance. Price, 5 cents each; large plants 20c.

Maid of Orleans—I place it as peer over existing sorts. Easy culture, fine grower. Good bloomer, elegant fragrance, waxy-white flowers. Price, 15 cents each, large plants 40 cents.

Poetica—Similar to Jasmine Grandiflorum. Flower smaller, but on longer spikes. Price, 15 cents each, large plants 40 cents.

Revolutum—A yellow-flowered Jasmine, nearly hardy and exquisite fragrant. Price, 5 cents each, large plants 20 cents.

SPECIAL OFFER—The 8 Jasmimnes for 75c.
LANTANAS.
Or Shrubby Verbenas.
Price, 8 cts each, 4 for 25 cts, except where noted.

BEAUTIFUL WEEPING LANTANA.
Plant is of very rapid growth, graceful drooping habit, lovely dark green foliage, producing a cluster of flowers at each leaf. Flowers are a most delicate, clear, brilliant, rosy lilac color; entirely distinct from any other flower I have ever seen. Indeed, I never grew a plant that attracted so much attention and gave such general satisfaction. Price, 10 cents each, three for 25 cents.

Aurora—Light and dark shades of pink.
Al. Claveau—Flowers silvery rose, center soft yellow.
Amélie—Flowers reddish orange with yellow center.
Comtesse d'Argeville—Very dwarf, pure white.
Comtesse de Biencourt—Bright rose and yellow.
Francine—Quite dwarf, flowers large, rosy lilac.
Grand Sultan—Orange crimson with yellow center.
Harkett’s Perfection—Golden foliage; color, yellow and pink; extra fine for bedding or pots.
Javali—Pure white, very large flowers.
Jaune d’Or—Bright golden yellow with bronze edges.
La Plue d’Or—Pure yellow flowers, dwarf and bushy.
M. Schmidt—Yellow, passing to a purplish vermillion.
Snow Ball—Large, pure white flowers; very fine.
Seraphine—Dwarf; red with yellow center.
Tethys—Beautiful pure canary yellow.

SALVIAS.
Price, 5 cents each, except where noted.

NEW SALVIA—BONFIRE.
Finest of all Scarlet Sages. About 2½ feet high and two feet through, producing brilliant spikes of flowers through the entire season, borne well above the foliage. Price, 10 cents each, 3 for 25 cents; $6 per 100 by express, net.

Jean Ravalon, New Dwarf Salvia—Early flowering; does not grow over 18 inches tall; blossoms as soon as well rooted; blooms from early Summer until late in the Fall. An entirely new variety; different from what I have heretofore offered as dwarf early flowering Salvia. Flowers magnificent orange red; produced in grand spikes. 15c, 2 for 25c.

St. Louis, New Salvia—Great improvement over the old Salvia Splendens. Grows 2½ to 3 feet feet high; large, bushy plants; covered with immense flower spikes, 12 to 16 inches in diameter, of a vivid scarlet. Comes into flower early and continues until frost. Price, 10 cents, 3 for 25 cents.

Salvia Rosea—A Winter-flowering variety, with rose colored flowers, borne in spikes six inches in length.

Salvia Splendens—The standard sort for bedding; flower spikes of the most brilliant scarlet.

Salvia Splendens Alba—White variety of Splendens. Identical in every respect, except color, being pure white.

Salvia Splendens, Variégata—White and red flowers. Very evenly striped.

Salvia Vermont, or Yellow Bird—New and very dwarf plant of great beauty, with bright yellow foliage and scarlet crimson flowers. A magnificent plant for edging beds or for pot plants. Price, 10 cents, 3 for 25 cents.

CALLAS

NEW CALLA, Fragrance—In this I have not only a charming and useful flower, larger than common Calla, produced in great freedom, but a delightful fragrance unlike that of any other plant I know. It has been likened to the combined fragrance of lilacs and violets. Flowers pure white; foliage dark green, heavily fluted. Price 20 cents each; three for 50 cents; extra large bulbs, 50 cents each.

BLACK CALLA, Arum Sanctum, Solomon’s Lily or the Black Calla of Palestine—This magnificent flower often measures one foot in length and 5 to 8 inches in width. Beautifully shaped and turned, sweet scented. The color is of the richest velvety purple black, while the outside is of a pleasing green. Sure to bloom if planted in rich soil two inches below the surface. Price 25 cents each.

SPOTTED CALLA, Richardia Alba Maculata—The plant is always ornamental, even when not in flower; the dark green leaves beautifully spotted with white. In other respects the plant is the same as the old favorite White Calla, except being of smaller habit. Price, 10 cents each.

WHITE CALLA, or Lily of the Nile—This old favorite is too well known to require any description. I offer dry roots as they are superior for forcing and Winter flowering purposes; they come into bloom quickly and require less room—making less foliage. Price, extra large dormant roots, 25 cents each; first size 15 cts; one year old bulbs, 5 cts.

NEW CALLA, Little Gem—This little pigmy rarely exceeds 12 inches in height and blooms most abundantly. The flowers are not more than half the size of the common variety and, therefore, can be used with telling effect in bouquets. It is in every way superior as a house plant to the larger growing variety. Price, 15 cents each; extra large bulbs, 35 cents.
DWARF OTAHEITE ORANGE.

A valuable and distinct variety; dwarf, compact grower; glossy, deep green foliage; producing a wonderful profusion of white flow- ers of delicious fragrance; identical with the much-sought-for blooms of the Southern orange groves. Fruits immediately after flowering, bearing fruit about one-half the size of an ordinary orange, retaining in a marked degree their sweetness. Unequalled as a Winter blooming pot plant for house culture; of easy culture. Flowers and fruits when but twelve to fifteen inches high; most novel pot plant. Price, 10 cents each; large, strong plants, ready to bloom, and bear profusely, 25 and 40 cents each.

NOTHING that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is a true ever-bearing variety. On a plant six feet high no less than eighty-nine of these ponderous Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it was a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. Added to its fruiting qualities, this Wonderful new Lemon makes a grand specimen plant for house culture, and a prize winner at every fair and flower exhibition. The dark green foliage is very aromatic in composition, and the flowers are pure waxly white, with yellow stamens and pistils nearly as large as a tube rose and as highly fragrant as orange blossoms. The lemons have a very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes can not be excelled. It is not uncommon to make twelve lemon pies from one lemon. I have a very large stock of this ponderous Lemon and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small and makes a lovely house plant. Everybody can grow their own lemons. It will fruit freely the second year.

PRICE—For good young plants, 15 cents each. 4 for 50 cents; large plants 50 cents each. Extra large plants for fruiting this season, $1.00.
Asparagus Sprengeri, or Emerald Feather.

A most desirable new species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets. The fronds are frequently four feet long, are of a rich shade of green and most useful for cutting, retaining their freshness after being cut for weeks. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any position. No introduction of recent years has made such a favorable impression upon me as this graceful Asparagus. I have a large stock of it and offer good, strong plants. Price, 10 cents each, 3 for 25 cents; large plants 25 cents each, and extra large specimen plants, 50 cents each.

Asparagus Plumosus Nanus, or Lace Fern.

One of the handsomest of foliage plants. The leaves are a bright green, gracefully arched and as finely woven as the finest silken web, lasting and retaining their freshness for weeks. I consider it the most valuable plant I have for this purpose, surpassing Maiden Hair Fern in fineness of texture and richness of color. Price, 15 cents each, 2 for 25 cents; extra large plants, 50 cents each.

Asparagus Tenuissimus.

I consider this extremely elegant plant to be the greatest acquisition for decorative purposes, or for cutting from, that has been offered for some time as a climber and is grown and can be grown like Silk-lax, but the extreme delicacy of the foliage cannot be described. It is as fine and graceful as Asparagus, finer than the fronds of the most delicate Fern. The sprays will be in great demand for bouquet and other floral work, as in addition to its gracefulness it does not wilt like Silklax, but remains bright and green for weeks. Price, 15 cents each, 2 for 25 cents.

Antigonon Leptopus, or “Mountain Rose.”

A lovely climber from Central Mexico, with beautiful rose-colored flowers in racemes two feet long. The profusion of bloom is such as to give the resemblance of roses at a distance, hence the Mexican name, “Rosa de Montana,” or Mountain Rose. Described by its discoverer as the most beautiful climber he had ever beheld. It is moderately hardy with protection. The vines are killed to the ground by frost, but it quickly shoots up in the Spring and develops its flowers from June till frost. Price, 10 cents each, 3 for 25 cents.

Olea Fragrans, Sweet Tea Olive.

The most desirable flowering shrub of Southern gardens, also a favorite house plant in the Northern states. Is of deep green foliage. White flowers produced in great profusion. They are very fragrant and of easy culture. Price, nice plants, 25 cents, large size, 50 cents.

Bougainvillea Sanderaiana.

(Chinese Paper Plant)

Elegant specimen plant; can be trained in any desired form. This beautiful free flowering variety was introduced about three years ago and on account of its free blooming qualities has become very popular, especially as a plant for Easter decoration. Strong, rapid growth, brilliant rosy crimson blossoms produced from early in February until mid-summer; in fact, a plant will frequently flower the greater part of the year. Price, 10c. 3 for 25c; 10 for 50c and 50c.

Beautiful Flowering Plumbagos.

Plumbago Sanguinea.

The Plumbagos are very desirable plants for bedding or house culture and are admired by all for their elegant trusses of bloom and the delicate colors of their flowers. The light blue and deep blue and white varieties are very well known, but with the new variety, Sanguinea, we have something that is entirely distinct and the prettiest of all Plumbagos. Trusses of bloom are larger than in the older varieties, often measuring ten inches in length and of the loveliest bright pink or deep rose. Order and be surprised. Price, 15 cents each.

Plumbago Capensis, Alba.

This is a splendid novelty. The exact counterpart of Plumbago Capensia, except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants out. I recommend this highly. Price, 10 cents each.

Plumbago Capensis, Blue.

This produces large heads of light blue flowers. It has the most peculiar shade of blue of any flower in cultivation. Always in bloom and an elegant bedder. Price, 15 cents each.

Plumbago, Lady Larpent.

This beautiful variety of Plumbago was first popularly introduced in 1890. Since that time it has so thoroughly pleased all who have planted it, achieved such great popularity, which, coupled with our own thorough tests and observations, demonstrates that it is unquestionably the most distinct and hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps and from the middle of July until severe frost are covered with lovely, rich, violet-blue colored flowers, borne in close terminal heads. Price, 10 cents each.
Sweet Scented Violets.

Price, 10 cents each, 3 for 25 cents, except where noted.

Farquhar—A beautiful new double Violet; strong and healthy grower; perfectly hardy and free flowering, producing in the greatest abundance lovely deep and double flowers of delicious fragrance, borne on long stems, the flowers of splendid size, nearly as large as California. Price, 15 cents each, two for 25 cents.

Lady Hume Campbell, the New Ever-Blooming Violet—This grand new Violet is a perpetual bloomer and enormously productive; the flowers are very large, often the size of a half dollar, perfectly double, like little Roses; very fragrant and of the most lovely azure blue color.

Luxonne—New, of the same size as the California, but appears nearly double in size, as the petals all open out flat; it appears like a big blue Pansy bloom, and has the advantage of flowering continuously from early in September until April. It is a beautiful, rich but soft violet; perfect color, with strong, wavy stems and very fragrant.

Marie Louise—To contrast with white, we offer this double, deep bluish purple, sweet scented variety, recently introduced. Desirable for pots or gardens. Plants hardy and bloom freely.

Swanley White, or Queen of Fragrance—This beautiful new double White Violet is unquestionably the finest double Violet in existence, and is a decided acquisition to even the smallest collection of plants.

The California—Grand new variety. It is a sturdy grower with dense, heavy foliage, entirely free from disease. Flowers single, intensely fragrant. Color, a clear violet purple that does not fade. The flowers are as large as a silver dollar, and are borne on stems ten to twelve inches long.

Hardy Double English Violet—This Violet is entirely hardy, perfectly double, a deep violet purple color, deliciously fragrant. Surpasses the well-known Marie Louise in richness of color.

New French Violet, Princess of Wales—It is recommended by the producers as the best Violet in existence. It is of hardy, vigorous growth and wonderfully free blooming; stems ten to twelve inches long. Large, healthy and heavy foliage; grand single flowers; true blue color, symmetrical form, nearly as large as a Pansy blossom and delicately fragrant. Price, 15 cents each, two for 25 cents.

SPECIAL OFFER—For 75 cents I will send you the Set of 8 Fine Violets. This is a Big Bargain.

INDIA RUBBER TREE. (Ficus Elastica.)

Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed as one of the finest house plants grown, attaining large size; tree shape. Each new leaf enclosed in a long, coral-red envelope, looking like a great red flower bud. Place for lawn, bay window or house decoration. My plants are the finest ever offered for double the money.

Price, fine, strong plants, 30 cents each; large plants $1.00 each.

PANDANUS VEITCHI.

One of the most attractive and beautiful of decorative plants. Leaves are light green, beautifully marked with broad stripes of pure white, gracefully curving. Price, for strong young plants, $1.00 each; large plants $2.00 each.

PANDANUS UTILIS, THE SCREW PINE.

Its vigorous constitution enables it to stand more neglect, without serious injury, than any other plant I know of. As an ornament for the window, its glossy, dark green, serrated foliage is unusually attractive, while as a vase plant or single specimen in greenhouses or conservatories it is unsurpassed. Nice young plants 25 cents each, extra large plants, $1.00 each.

AZALEA INDICA, CHINESE AZALEA.

These beautiful plants are deservedly becoming more popular every year in window and conservatory decorations. The ease with which they can be grown, their diversity in color and freedom of flowering will always keep them in public favor. Every collection comprises the cream of the best Continental establishments. All the sizes offered will flower freely in proper season. Should be kept outdoors in a cool, shady and moist place during Summer. Large plants 75c, two for $1.25.

PURPLE VELVET PLANT.

Gynura Aurantiaca—A rare and beautiful plant. Leaves and stems entirely covered with purple hairs giving them the appearance of velvet. One word—gorgeous—enables the plants artificial, so unlike nature they appear; flowers in brilliant orange clusters. Elegant for pot culture, vases or bedding out. Price, 15 cents each, two for 25 cents.

Norfolk Island Pine.

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree; others call it the "Star Palm." Has deep green, leathery foliage, in whorls or tiers, rising one above the other at regular distances; symmetry of its form, grace and beauty of foliage unequaled; easily grown; highly ornamental. $1 and $2 each.

Silver Striped Peperomia.

Window plants will ever be popular. So thick and waxy like are the leaves of this parlor gem that nearly every one takes it to be an artificial plant. The leaves are distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Few plants could be more useful for table decoration, and none will stand ill usage so readily. Its small spikes of Mignonette-like flowers are quite interesting.

Price, 10 cents each, three for 25 cents.
The “Peerless” New Chrysanthemums described below are recommended as among the best and most valuable varieties. They are good, healthy growers, early and abundant bloomers, bear flowers of the largest size and most beautiful colors. All of them have taken many first prizes at the great shows and all are recognized as among the very best of their respective classes.

Price 10 Cents Each; three for 25 Cents.

SPECIAL OFFER—For a remittance of $1.00 I will mail all of the EIGHTEEN “PEERLESS” NEW "MUMS," or any EIGHT varieties for 50 cents, postpaid.

Benjamin Gowdy—New early red. Without doubt earliest pure red to date. Very large flower and does not burn or color dull for several weeks after flower attains perfection; a strong compact habit. Grand for pot culture and exhibition purposes.

Black Hawk—Largest, most beautiful crimson scarlet yet introduced; shows no lighter color; looks like crimson velvet, the shade of deep crimson. Incurved, immense size, on fine stiff stems, clothed with elegant foliage.

Crystalina—Snowball type, pure white flower, resembling a ball of cut tissue paper, petals being fine. Grand keeper; can be grown in any position, will not get out of bloom early; dwarf habit; unexcelled for pot culture. Winner of first prize for best white seedling in Chicago Exhibit of 1897.

Daydawn—Grand early variety; center creamy lemon up on opening, gradually becoming pure white; petals increase in length from center; bloom is quite double, of informal, graceful arrangement; stiff stem; foliage quite up to the flower. Received certificate after traveling to Boston.

Golden Trophy—Grand early yellow, of elegant dwarf growth; beautiful foliage; center, golden, crowned with petals incurring into complete golden ball of a beautiful color. Wonderful keeper, either cut or growing on plant.

Glory of the Pacific—A grand, magnificent pink. I predict this fine variety will rank first among pink sorts. Most wonderful size and depth, with broad petals which finally reflex, showing pink color to excellent advantage. Will delight every lover of the beautiful and artistic.

Kentucky—Very fine for exhibition; extra large, graceful flowers; petals long and narrow, like Lillian B. Bird; stem strong and covered with handsome foliage, nearly up to flow- er's pure, even shrimplike color. Grand sort.

Lady Granger—Grandest of all the lighter shades of pink; finest of all incurving varieties of this color; one of the largest, finest in finish, color exquisite; early mid-season; finest for bush form.

Mrs. Perrin—Slender stiff stems, ornamental foliage; flower of globular form, incurved, full finish fine as satin; color, rose pink within, glinting satiny without, recognized as the ideal variety in this color. Received first prize wherever shown as best pink, at Boston, Philadelphia, Chicago and received most flattering notices everywhere.

New Fancy Large Leaved Coleus.

SPECIAL OFFER—I will mail, postpaid, 25 distinct varieties for $1.00; or by express, you paying the charges, 100 Choice Plants for $2.50.

The Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and part-colored designs we may choose to display upon your lawns. The lack of sufficient space forbids listing varieties.

Swainsonia Alba.

A most desirable everblooming plant with pure white flowers, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a Sweet Pea. As a decorative plant for the window or conservatory we know of nothing that will give as much satisfaction. Easy of culture, growing in any light position. Price, 15 cts each.

Verbena, Mammoth Flowering.

In this grand new strain there has been developed a mammoth Verbena that produces uniformly magnificent large trusses, with flowers of unusual size. The colors are varied and extraordinary; one of its many striking points is that I want all my friends to have it and offer the plants at the moderate price of 5 cents each.

SPECIAL OFFER—For 50 cts I will send 15 Choice Mammoth Flowering Verbenas; or I will send 100 Fine Plants for $2.50, by express, purchaser paying express charges.

Mrs. S. T. Murdock—Purest, brightest self pink! large size, fine form; foliage and stem perfect; first premium; grand under artificial light.

Mrs. Perrin—Among all yellows will have first place. As expressed by experts: "The finest yellow yet produced for exhibition trade." Intense color, real dandelion yellow, unsurpassed in size, incurved, slightly whorled form, full, high center. Mid-season.

Mrs. Henry Robinson—In the entire "Mum" family no grander white variety, no matter where; most popular style; immense incurving, broad channeled petals of great substance and the purest white; can be used few days earlier, but is a fine cut in any center work. Very beautiful in incurved form, gradually changes into ball of snow, 15 to 18 ins. in circumference; foliage handsome; of easiest management. Winner of twenty-six first prizes.

Oakland—Clear shade of even terra cotta; full, deep, straight stem, good foliage; four feet high; a splendid exhi- bition bloom; first prize wherever exhibited. Should be in every greenhouse collection.

Signal Light—Pale yellow, incurved, Japanese; reverse of lower petals tipped with red bronze; finely built flowers; truly incurved and perfect, lasting a long time; habit very dwarfed; clothed with beautiful foliage.

Silver Cloud—Grand exhibition variety; beautiful grower, heavy, stocky; enormous, glowing crimson, covered with wax like petals of great substance; form of flower ex- quisite and imposing; color, beautiful cream, citron shadings toward a rich purple. Grand for exhibition purposes.

Violecent—Magnificent for exhibition or commercial pur- poses, especially where lusty blooms are desired for Thanksgiving Day. Enormous proportions, balling up extremely well, filling with slightly rounding, incurved center; color, white, lower petals delicately tinged lavender. Received first-class certificate of merit from Chrysanthemum Society.

Western Pride—Magnificent for flower size and form; mammoth petals incurving and rolling toward center; full and double, incurved form so much admired; color, beautiful amber and old gold.

White Swan—New White Ostrich Plume—Have a great pleasure in offering this beautiful, new, pure white hairly Chrysanthemum, which has been received as doubtless the most perfect yet introduced; color, pure white, very large, full and double flowers, covered with hairy-like filaments which are very pronounced. Exquisitely beautiful and of enormous size.

NEW GIANT BROWALLIA—A most valuable addition to our list of Summer blooming plants. The flowers are in- digenous, the petal two inches in diameter and coverd in bloom. Invaluable for Summer beds of flowers or for pot plants in the Winter for greenhouse and window garden. Price, 10 cts each; three for 25 cts.

IMPATIENS SULTANI—This makes a very shapely plant and is in bloom continuously the year round, outdoor or indoor, even in the small plants, three forms included and one that will give satisfaction to everyone. Price, 10 cts each, three for 25 cts.

NEW RUSELLA ELEGANTISSIMA — Scarlet Fountain—Here is certainly a fine new plant that you should not be without. A vast improvement of the old Russellia. The flowers are in sprays of from 10 to 20, perfectly round and covered over; hidden by tufts of the vivid scarlet tubular flowers. It is a most ornamental plant for the window boxes and terrariums. All the flowers show more than three leaves. It is one of the finest and best new plants ever introduced and one that will give satisfaction to everyone. Price, 10 cts each, three for 25 cts.

Beautiful Marguerite Daisies.

Marguerite Daisy, Madame Gailbert—This is one of the finest new plants that has ever been introduced. All know the value of the ordinary Marguerite Daisy, so beautiful and much sought after for decorations of all kinds, but have you seen how blooms constantly and produces ten blooms to the old variety's one? Nothing so airy and delicate as the blooms of large white petals showing a yellow disc. 10 cts each.

Marguerite Daisy, Etoile d'Or—The new yellow Paris Daisy, similar to the above, but a rich golden yellow. The two varieties go handsomely together. 10 cts each.
The Wonderful Japanese Fern Balls, Davallia Bullata Nagahara—This novelty, from Japan, I take great pleasure in introducing as one of the most satisfactory house Ferns ever offered. Centrally germinated with Fern roots in a very ingenious manner, like a ball of twisted roots. After watering they start into life and in a short time are covered with a mass of beautiful green foliage. If desired, they may be allowed to dry up, which is very convenient when a person goes on a Summer vacation. They may be started again by simply watering as before. When growing they should be watered two or three times each week. $1.00 each, by mail, when sent by express, 75 cents each.

GRACEFUL FERNS.

Price, 15 Cents Each, Except Where Noted.

Davalia Stricta—One of the finest Ferns for growing as a decorative plant or planting out. Fronds strong and beautiful green shade. Price, 10 cents each.

Pteris Argyrea—Silver Fern—Very showy, strong growing Fern, variegated foliage, fronds large, light green, with a band of silvery white down the center of each, very distinct. Polystichum Proliferum or Lady Fern—A new Fern which I have added because of its beautiful face-like foliage and ease of cultivation. For indoor decoration and window culture. Price, 20c each, 3 for 50c.

Nephrolepis Cordata Compacta—Strong growing, compact habit, 2 feet high when matured; fronds dark green, erect growth with arch enough to add grace. 20c each; large, 50c.

Sword Fern—Nephrolepis Exaltata—This beautiful Fern is excellent for outside planting in shady borders; fine for hanging pots or baskets on terrace in Summer and conservatory or window in Winter. Strong plants, 10 cents and 25 cents; large, 50 cents; extra large specimens, $1.

The Boston Sword Fern—Nephrolepis Exaltata Bostonensis—Different from the Sword Fern in having much longer fronds, frequently attaining length of 4 feet. They arch and droop gracefully; fine stands of it for the terrace, window or room. They should be grown as a single specimen on the table or pedestal. Price, 15c; strong plants, 50c; extra large, $1 each.

Sanseveria Zeleniana.

A beautiful plant, specially adapted for decorating drawing rooms and halls, stands drought and dust with impunity, requires scarcely any water, leaves very beautifully striped crosswise, broad, white variegations on a dark green around. It is rare, a beautiful plant, which should be abundantly grown for position out of reach of sunlight, where other plants will not thrive. Can be placed in any position in any room and do well. Has a singular beauty for decorative purposes, those which other plants do not possess, is useful both Winter and Summer. For vases, it is a fine center piece. Grows splendidly out of doors during the Summer months.

Price, fine plants, 10 and 25 cents each; extra large specimen plants, 50 cents each.

SANSEVIERIA ZELENIANA

Moon Flowers.

The True Giant Everblooming Moon Flower, Ipomoes Grandiflora—I have the true variety that blooms constantly. Attains a height given a string to twine on of 40 feet by October 15th, blooming abundantly all through the entire season. Is called "Moon Flower" from its rare peculiarity of blooming best at night. Pure white flowers, five to eight inches in diameter, emitting rich, Jasmine-like odor at night. Can be kept in the house over Winter. It roots easily from slips. Price of the true Moon Flower, 10 cents each; three for 25 cents.

New Moon Flower, Heavenly Blue—Makes a splendid companion to the White Moon Flower. It is equally rapid in growth and as free blooming as the white variety, although blooming in the morning and dull days. The flowers are not only the same hue, with reddish purple rays, six in a group. Price, 10 cents each; three for 25 cents.

Crotons.

The Crotons are among the finest decorative foliage plants known. The leaves are all more or less veined and marginated, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully. The flowers—singly, in twisted, cork-screw like; love heat, sunlight and moisture. Price, 10 cents each, 3 for 25 cents, 8 for 50 cents.

Cyperus, or Umbrella Plant.

It grows finely in shallow water with rich soil or mud. Long stalks, surmounted with narrow, dark green leaves, arched so as to suggest an umbrella. Will make a fine clump in the garden. Price, 10 cents each.

Cyperus Gracilis—Pretty new dwarf form; very narrow, delicate foliage, entirely distinct. Fine for bouquet. As handsome as a Fern. Price, 10 cts.

Fern Ball Growing

Pteris Tremula or Shaking Fern—One of the finest Ferns for house decoration, growing very rapidly and throwing up green, strong, very popular. Pteris Serrulata—One of our prettiest Ferns, fine for fern dishes. Price, 10 cents each. Pteris Cretica Alba-Lineata—A very pretty and useful variegated variety. Price, 10 cents each.

Chenille or Comet Plant—Acalypha Sanderi.

Sometimes called the Philippine Medusa—This is the most distinct and striking ornamental plant introduced for many years. It is a native of the South Sea Islands. Of easy and rapid growth and blooms continuously. Of branching habit, healthy foliage and remarkable flowers. The flower spikes, which appear in pairs from the axils of the leaves, grow from 2 to 3 feet in length and are of bright crimson color, drooping and mingling among the green foliage with charming effect. For bright and curving effect it has no equal. Has attracted universal attention and admiration wherever exhibited. The illustration is a very truthful one. I offer strong, well rooted plants of my own growing, mostly showing the flower spikes. Price 10 cents each, or three for 25 cents.

Acalypha Godzisiana—New—Coloring very marked, bright green leaves, broadly margined creamy white. Very distinct and different from all the others. Price, 50c.

Acalypha Marginata—Large and pointed oval leaf, center brown, margined with rosy carmine. 10 cents each.

Acalypha Miltoniana—New—Very valuable. The leaf is 4 to 5 inches long by 1 1/2 broad, notched and very sharp pointed. Bright green, bordered with creamy white, short jointed and a free, rapid grower. Price, 10 cents each.

Acalypha Triumphans—New—White pointed leaf, 2 by 4 inches, very bright in color, a good red, marbled darker, a fine, free grower. Price, 10 cents each.

UMBRELLA PLANT

UMBRELLA PLANT

UMBRELLA PLANT
PALMS.
Indispensable for all Decorations for the House.
They increase two-fold in value each succeeding year.

LATANIA BORBONICA
The well-known Chinese Fan Palm. This is one of the most exquisitely graceful and ornamental of Palm species. Its wide-spreading, gracefully arching leaves are elegant and effective for apartment decoration. It is considered the handomest and most valuable of the Palms. Small plants, 10 cts; large plants, 50 cts; extra large stocky plants, $1, $2, $3 and $5.

REMEMBER—Plants guaranteed to arrive in good condition.
"The best and the cheapest" are my mottoes.
BY LF GIANT—Exhibition bronze. This is an elegant grower; heavy, stocky stems, clothed throughout in fine foliage. Flower of immense size, crowded with petals, which are stiff and of great substance; form incurving; a most imposing bloom of the largest size; a beautiful rich bronze or old gold color. Received premium of $50 for best bronze. Price, 10 cents.

EMILY LADENBERG—Incurved Japanese bloom of large size and high build; solid form, deepest crimson, the nearest approach to black. Never burns, as crimsons are apt to do. Of strong healthy habit. Winner of first prize at Madison Square Garden; best seedling exhibited.

EUGENE DAILLEDOUZE—This beautiful variety captivated all who saw it at the World's Fair. There is nothing brighter or clearer among yellows. The center of the flower is folded close; the outer petals are broad, incurving, of great substance. Winner of twenty first premiums and gold medals.

FRANK THOMPSON—A splendid flower, very nearly spherical in form, petals very broad and heavy and finely incurving. It is very nearly white in color, only showing a touch of peach-plate at base of the petals; maroon-plate flower. Received first-class certificate at Philadelphia and Indianapolis. A strong rooted stiff stem.

GOLDEN WEDDING—The grandest yellow ever offered. Swept everything before it at shows. Color, deep, bright golden yellow of shining texture. It is very large in size. The petals are both long and broad, and channelled lengthwise; a Japanese, incurved, of most beautiful form, and very free in growth. A first-class exhibition variety. Price, 10 cents each, or three for 25 cents.

GRACIOUS—Light lemon color, with immense flowers, having narrow petals, gracefully curved and twisted; quite early and one of the best exhibition varieties.

GOOD GRACIOUS—So remarkable for size as to suggest its name. First sight brings forth an exclamation of admiration. The color is also unique, being a delicate shade of peach plate throughout. The form is remarkable; the petals are incurved and twisted, overlapping each other in irregular fashion and resembling a bow. Alone in its unique beauty—no other variety even approaching it. Price, 10 cents each.

GEORGE W. CHILDs—The Jacqueminot Crimson Chrysanthemum. This variety is the best and most perfectly formed reflex crimson variety yet introduced. Flowers of massive size; broad, stiff, relaxed petals. Color, a deep, rich, velvety crimson. Excellent shade of brown or chestnut; strong, erect stems. Awarded Pitcher Gold Medal at Orange for best seedling; silver medal at Philadelphia, and other cities.

HELEN BLOOODGOOD—A very bold, round flower. When in perfection blooms measure 7½ inches through, and 7 inches deep. It is the finest true clear pink, without shading of purple or magenta. It has received a certificate at New York and Philadelphia. Price, 10 cents each.

INDIANA, New—Has immense, full, globular flower, nicely incurved. Color, clear, bright pink; outside petals a little lighter. Has been grown measuring twenty-two inches in circumference. A grand show variety, and one of the very best of the new varieties. Price, 10 cents each.

MAJOR BONNAFFON, New—Soft, clear yellow, full in center, eight inches in diameter and nearly as deep; in perfect form and finish, like Ivory at its best; habit dwarf; keeping qualities excellent; collapse well up to the flower; stem stiff. An ideal variety. Bound to be one of the Chrysanthemums necessary to every collection.

MRS. E. G. HILL—This beautiful variety is one of the very earliest to boom; of vigorous growth and of fine form. The blossoms are eight to ten inches in diameter; the color is a delicate lavender pink; petals incurved. At the World's Fair it attracted all and was admired greatly. The winner of twelve first prizes.

MISS LOUISE D. BLACK—Color, reddish orange; height four feet; terminal bed; flower compact, very full and conical; lasts indefinitely, either on or off the plant. This color is the richest imaginable shade of orange. Makes a grand pot specimen. Won ten prizes. Price, 10 cents.

MINNIE WANAAMAKER—Pure snow-white, incurved and perfectly double, with a breadth of petal and granular of build only found in the best varieties. Flowers are exceptionally large, produced on long, stiff stems; large and handsome foliage. Has secured numerous medals.

THE WHITE QUEEN—The grandest double white; flowers enormous, of fine form. Best for every purpose, exhibition or house culture. A prize winner everywhere.
